TOWER '72

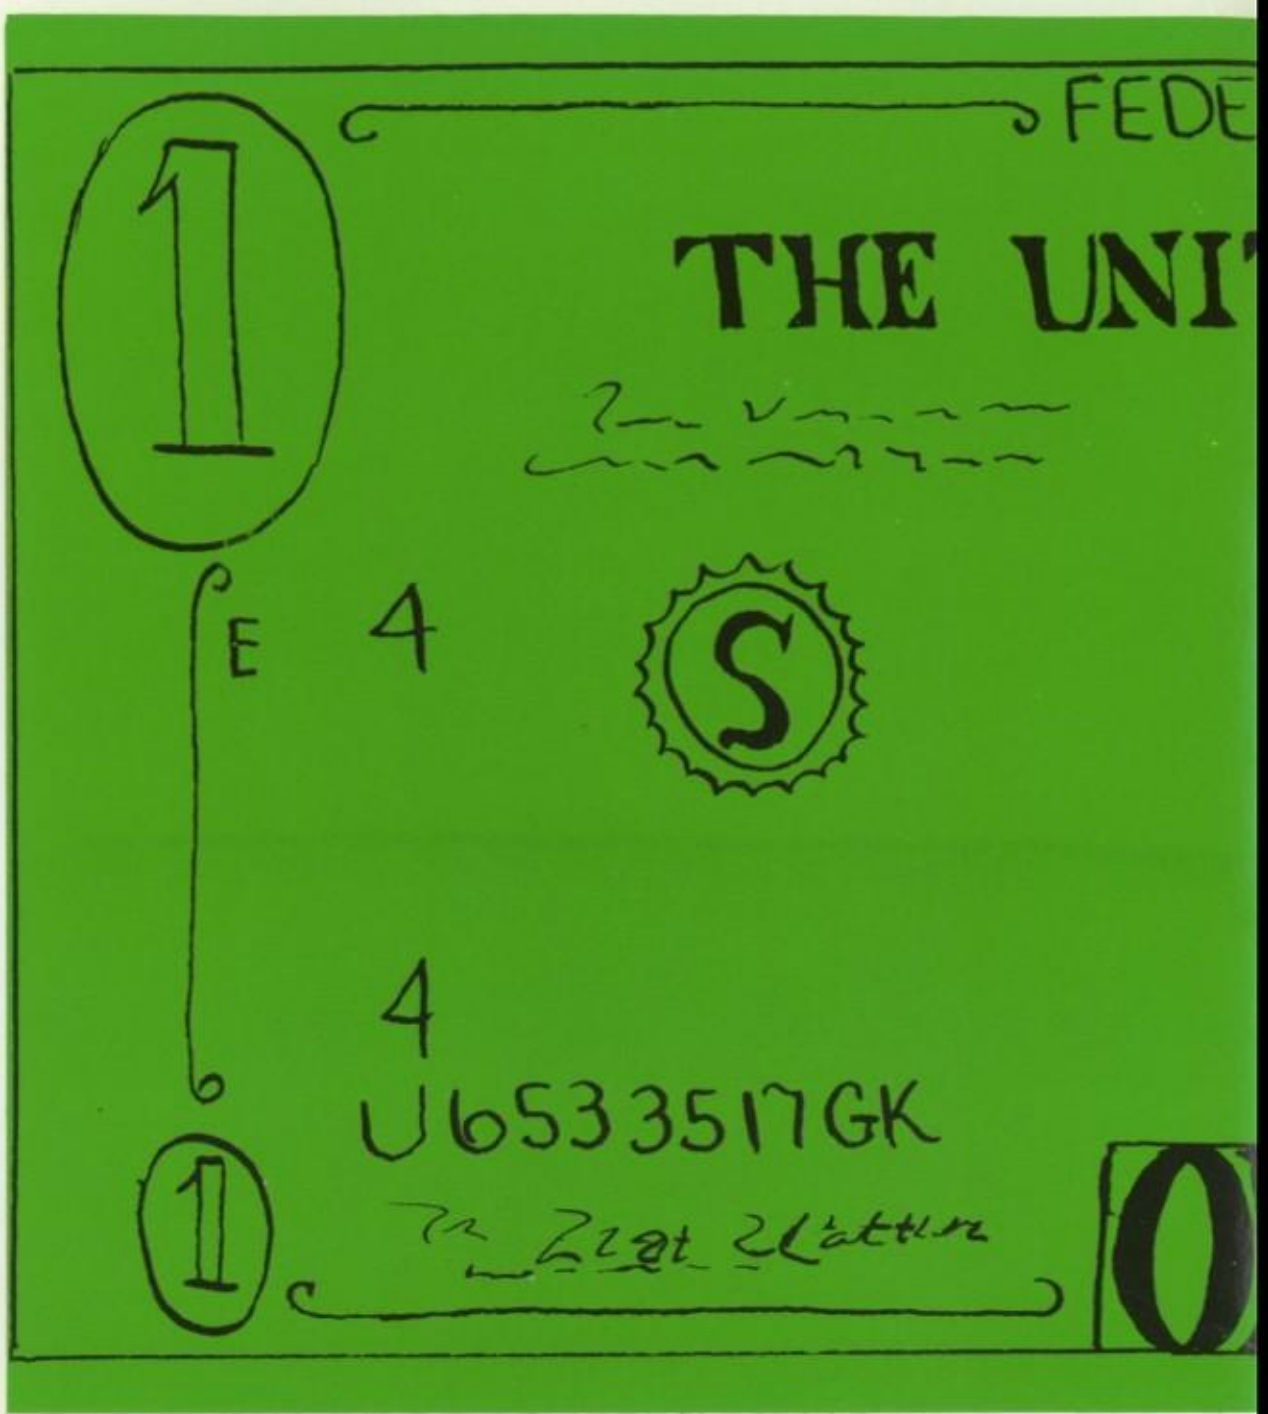
Hey you, this is your book .....

. . . and you can read it when you want to remember

. . . this is your

Tower '72

This yearbook is the story of the things that happened to you and this school in 1971 and 1972. This is your personal history book, full of the good things and the bad things and whatever it was that filled up your fall, winter, and spring. And that is why this book moves from fall to winter to spring . . . because that is the way you lived the year.

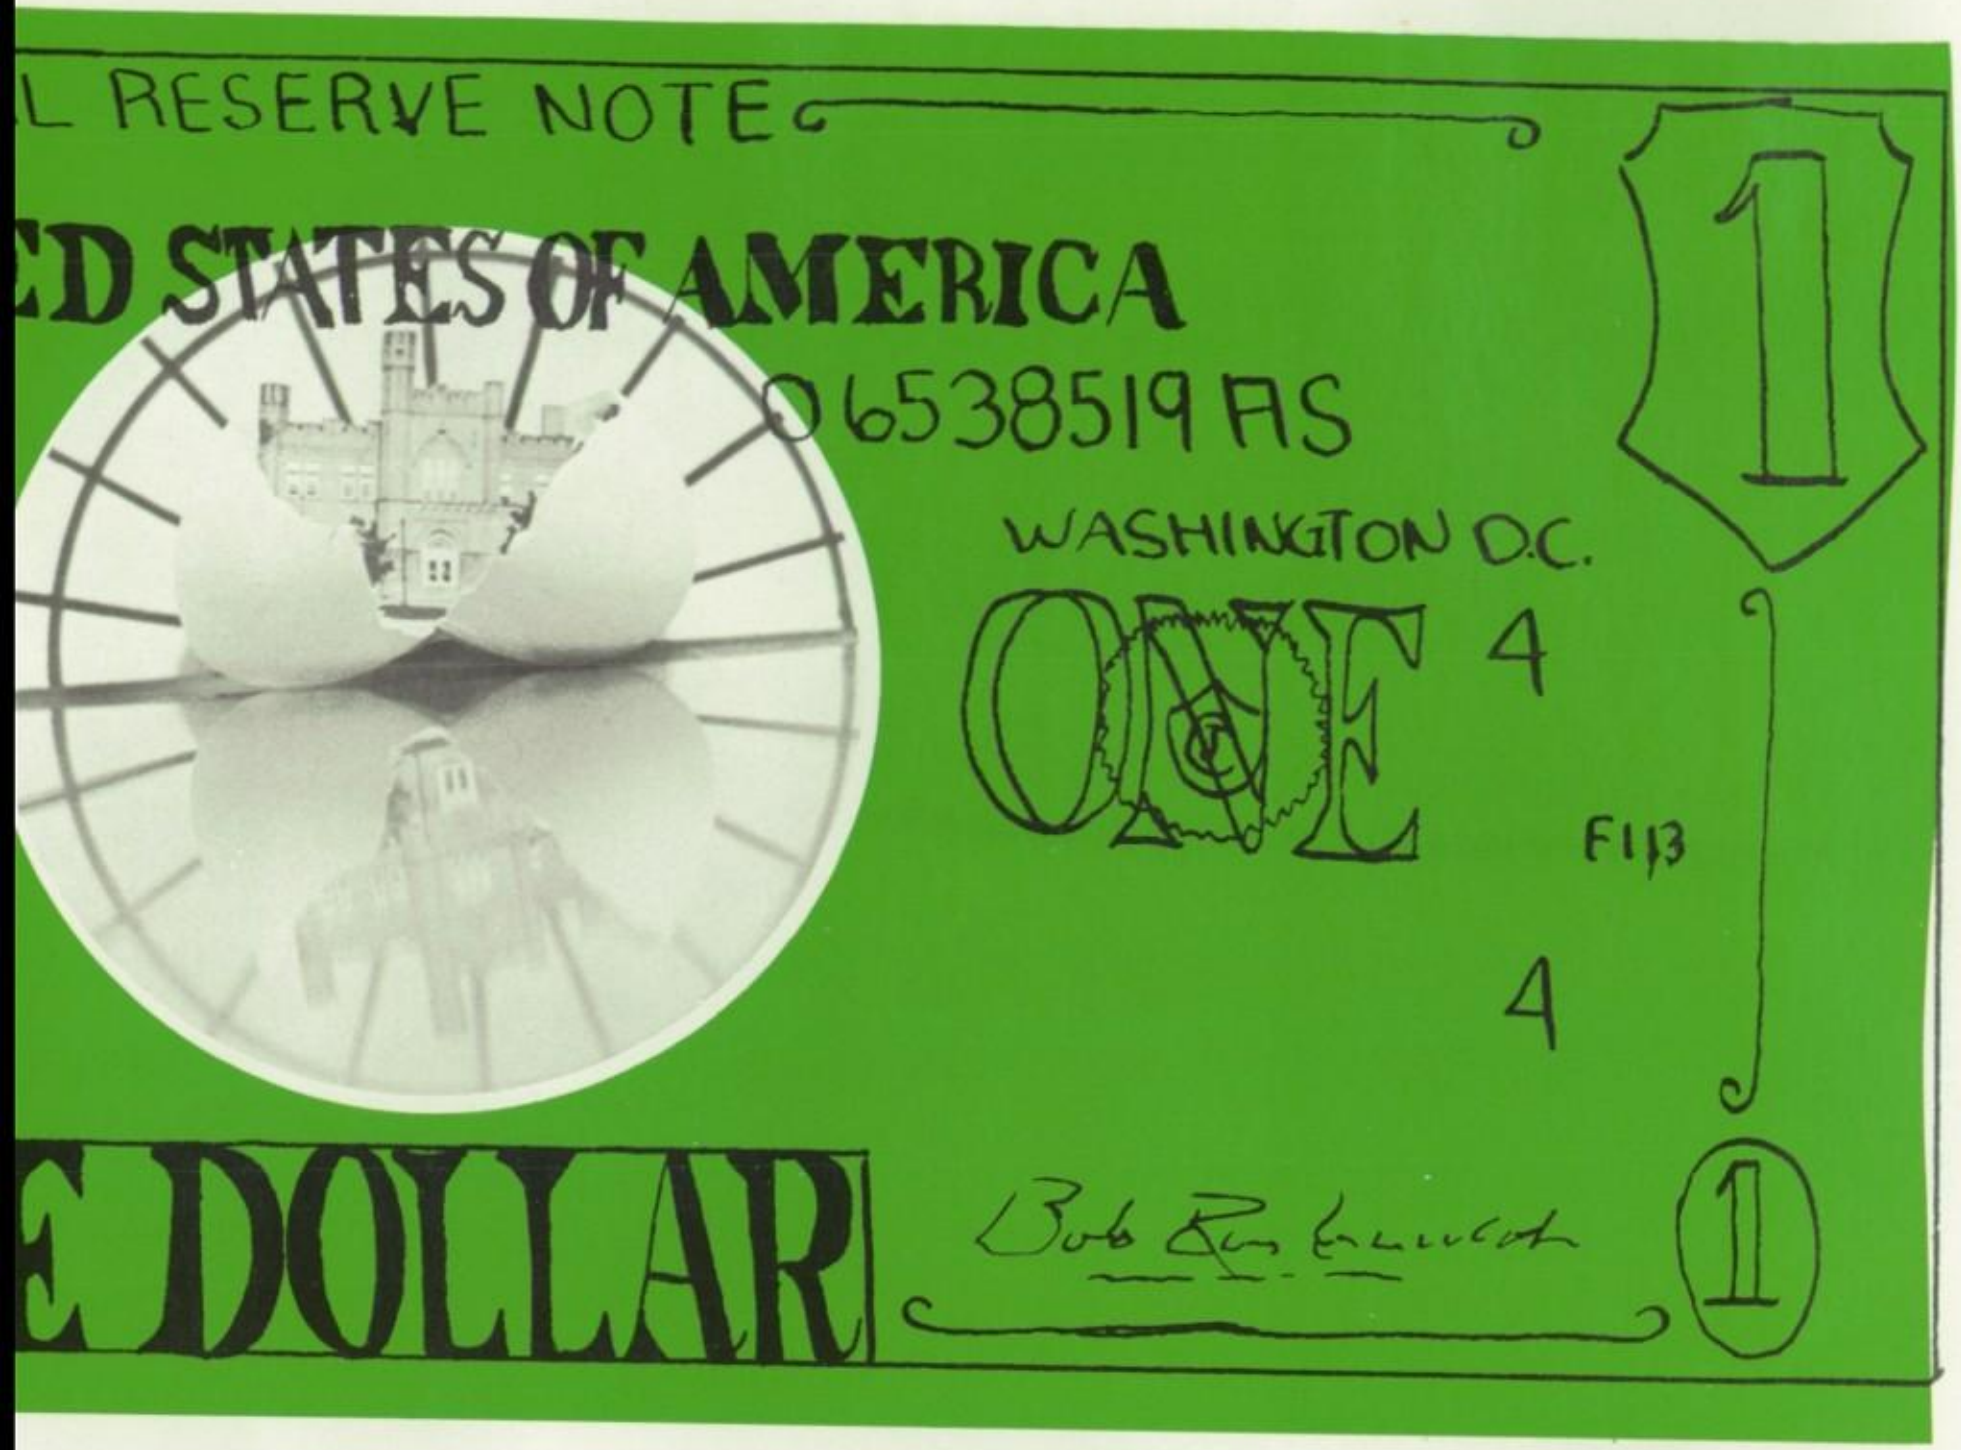


VALUES

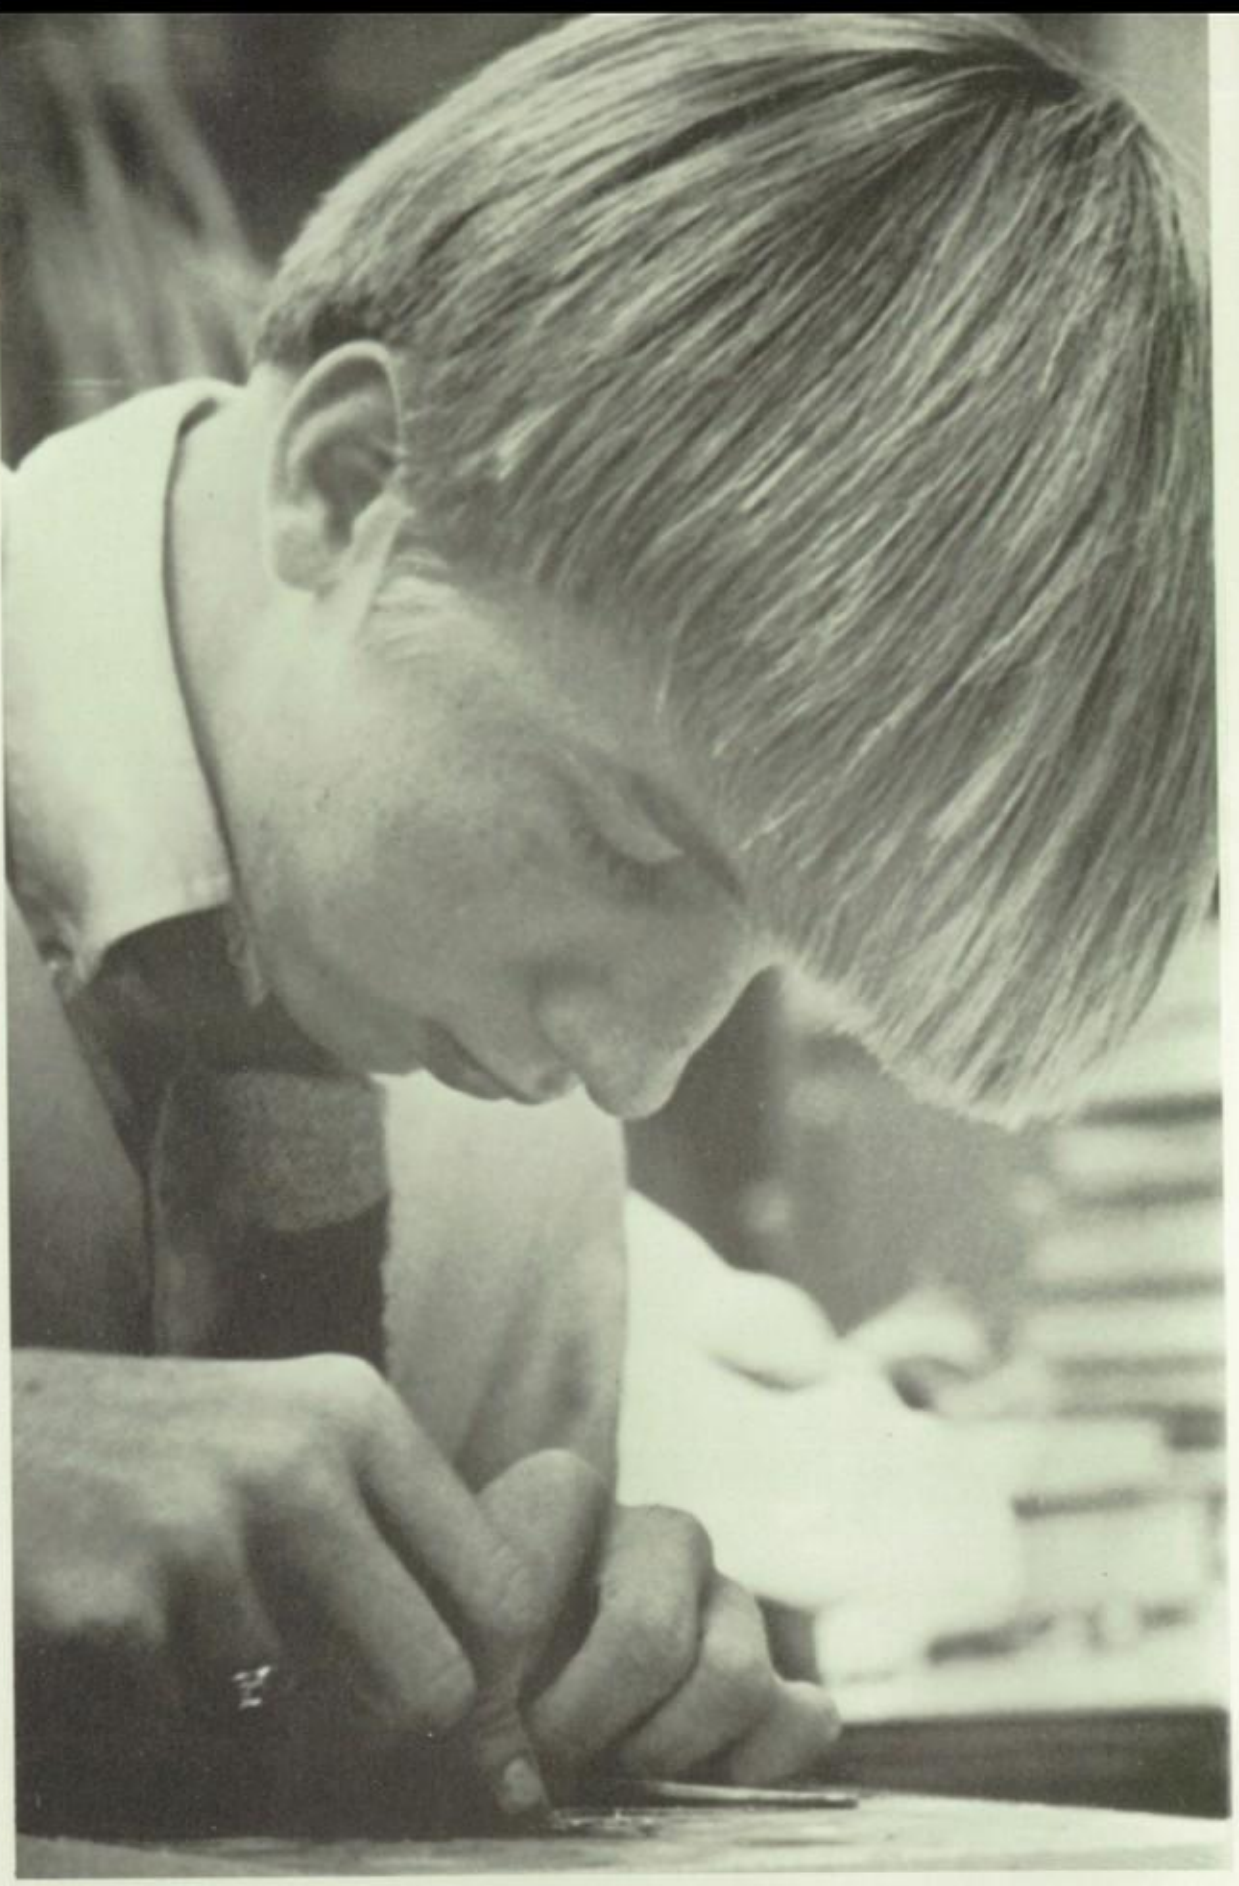
Confused and abused . . . the way you felt, caught up in a whirlpool of situations and big people whom you couldn't control, but rather, controlled you. The school system crawling through a financial crisis, and a possibility that you might be out of school in December . . . the administrators hassling over dress "guidelines" and seniors "unassigned time" . . . and the everlasting irrelevancies that some faculty members drilled into your brain; you wonder, "what's going on?" . . . "why is everything so difficult?" . . . "what is really important?"

During the financial crisis, money seemed to be the most important thing; and with student-administrator conflicts, it looked like students' rights were the topic for discussion. Then there was the usual bitterness towardl teachers who wasted your time.

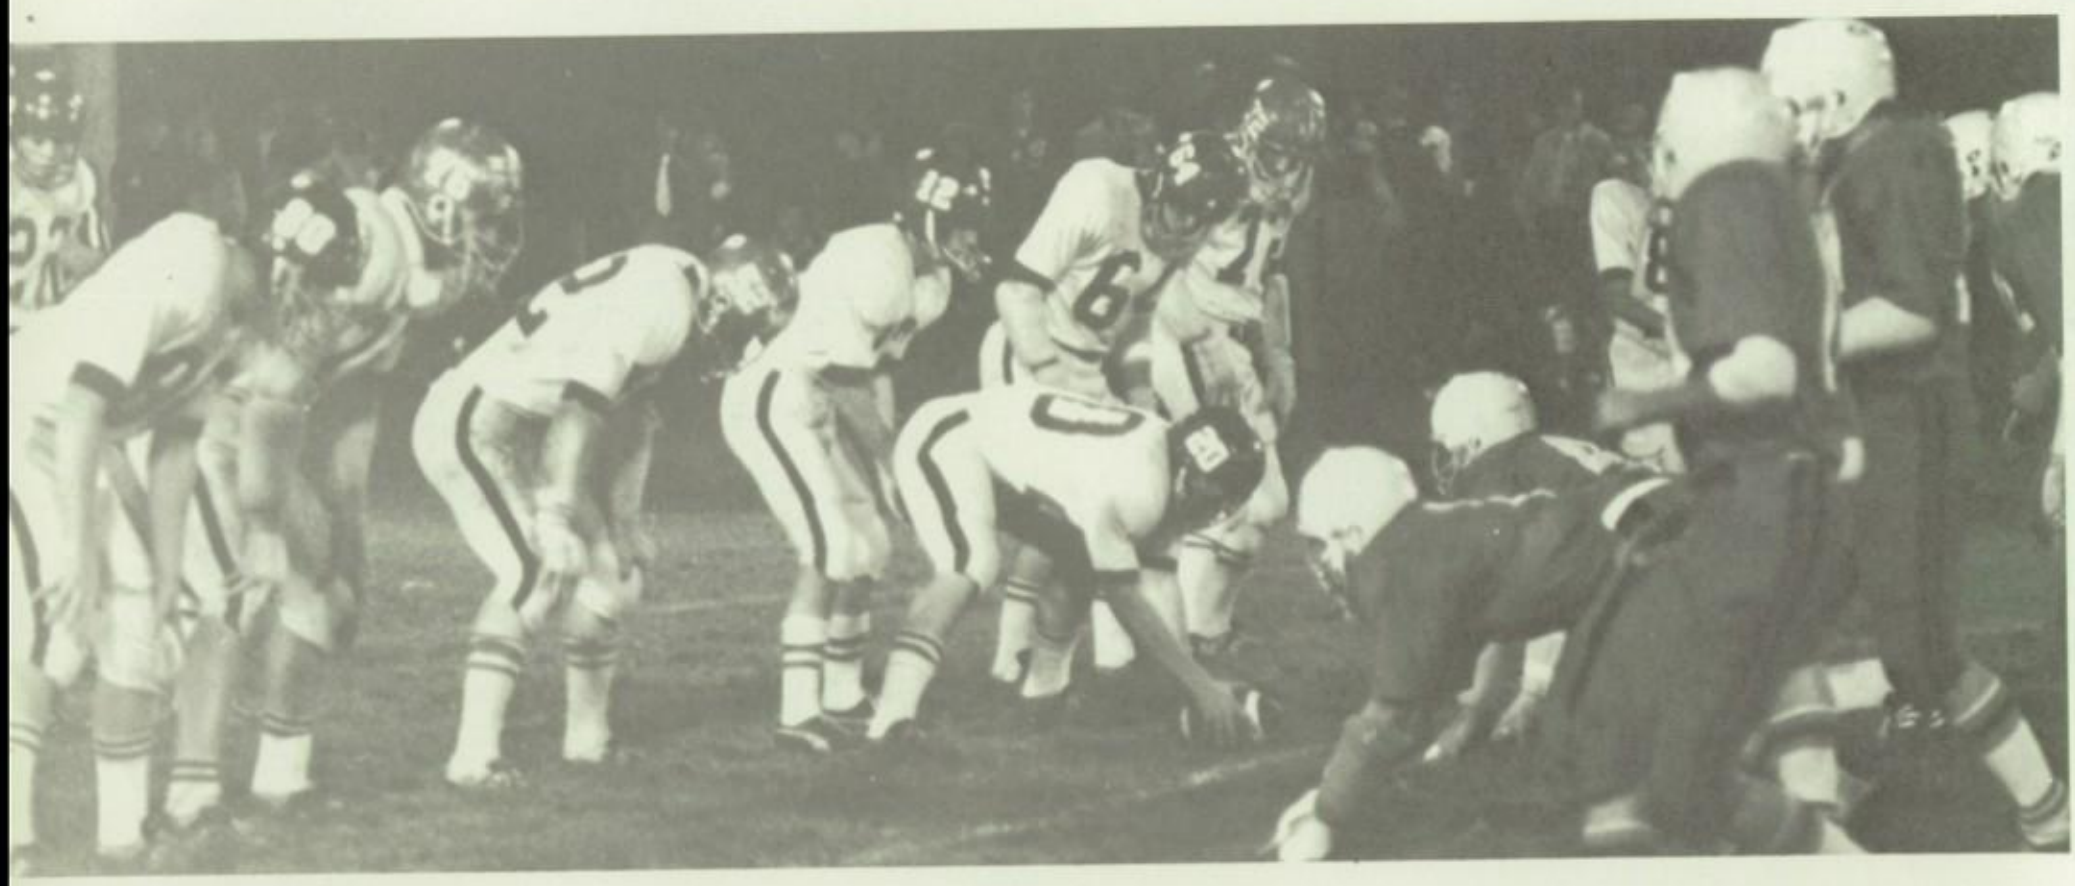
And yet, you needed to do an "about face" on all three areas to find the little thing that headed your list of priorities . . . you . . . YOU . . . You are important . . . You are valuable. And being able to see that the trivialities must be set aside and that concern for your education must take the spotlight, was a step closer to tolerance . . . to harmony . . . to achievement. To better yourself by grasping something meaningful from something seemingly irrelevant . . . to learn in spite of things and people.

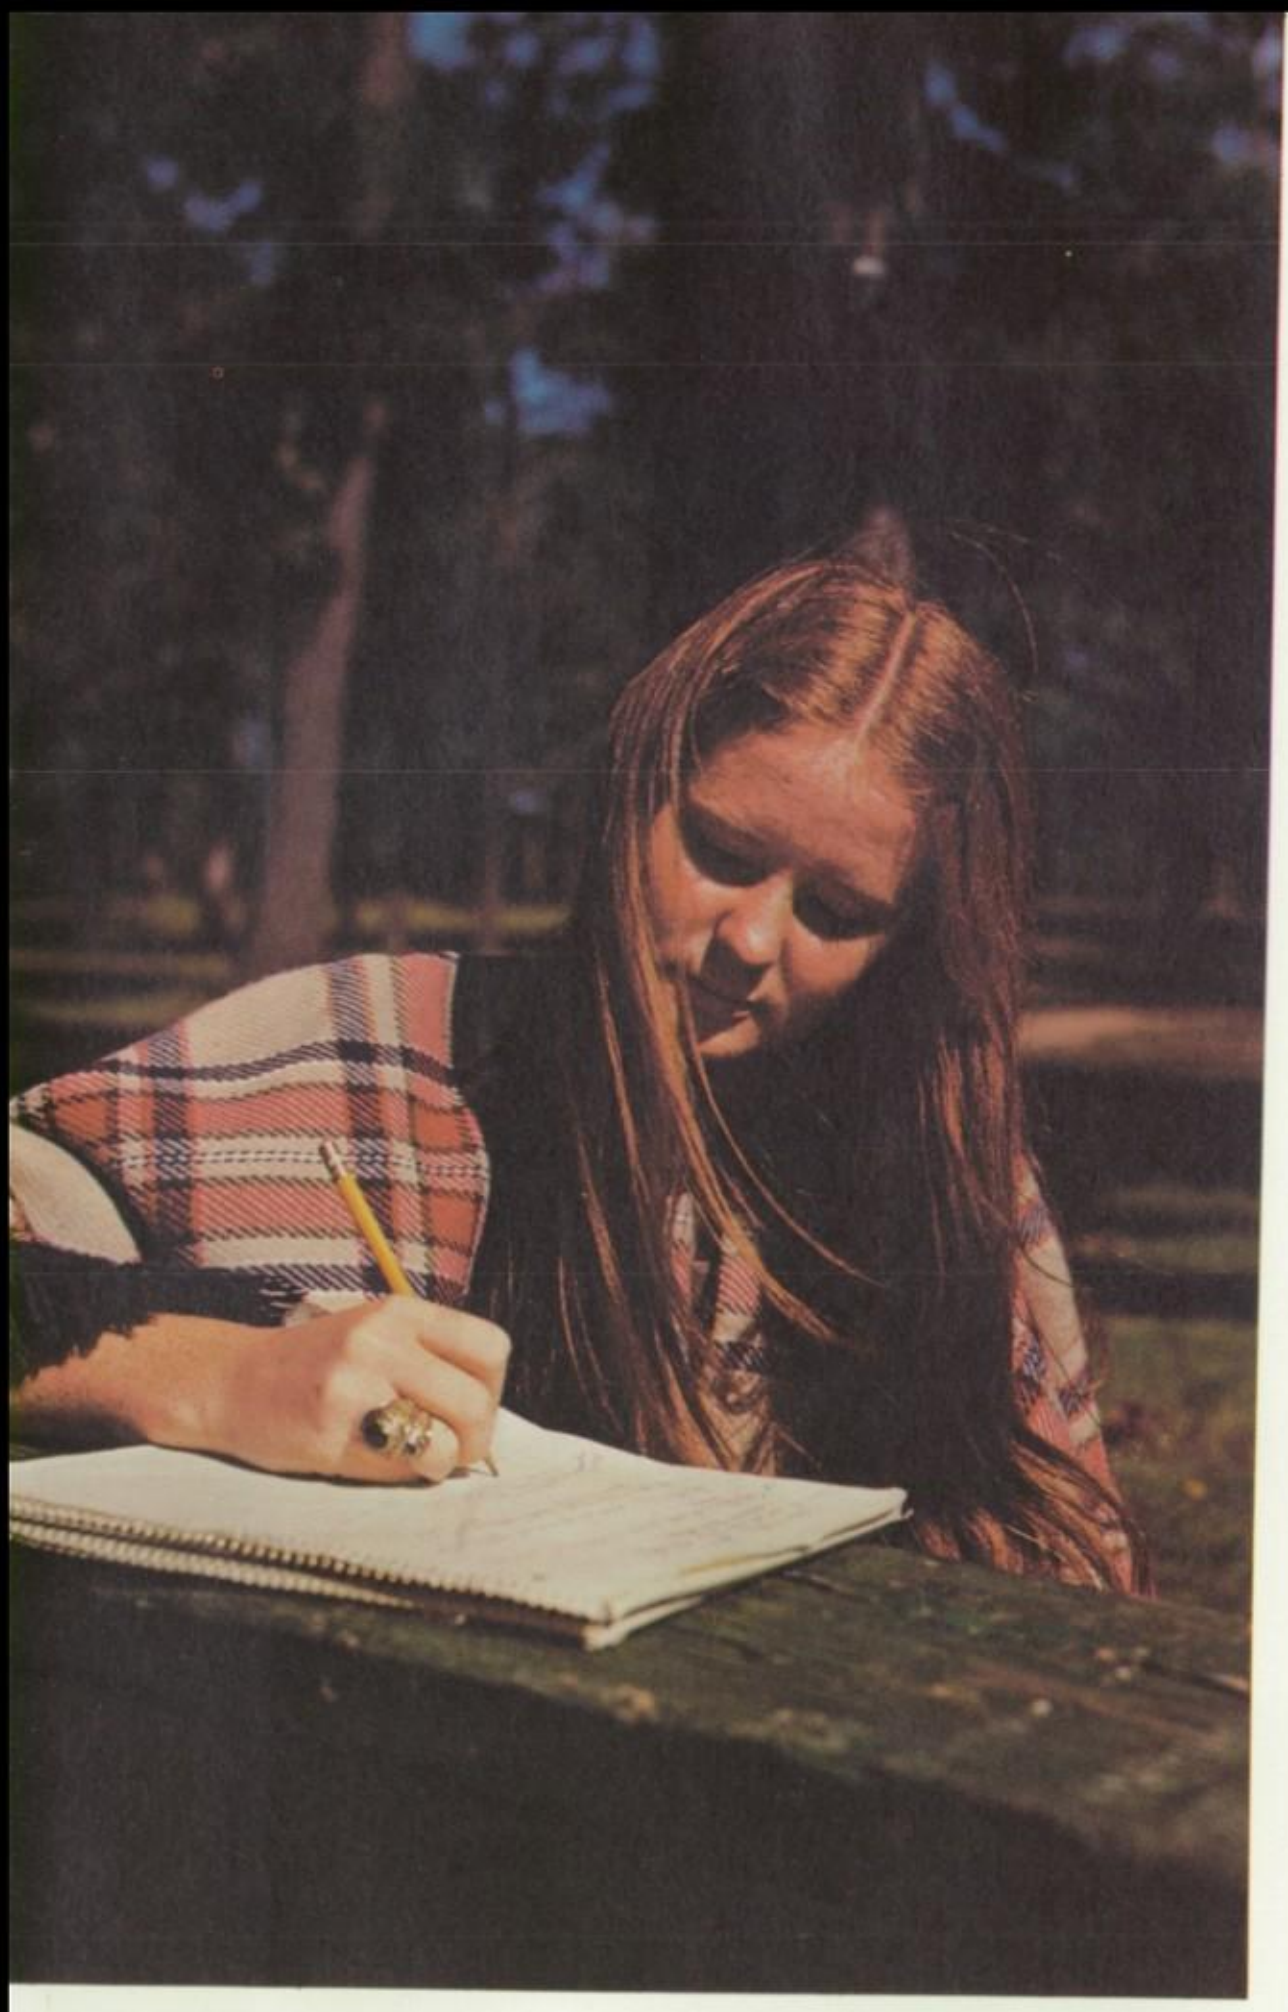


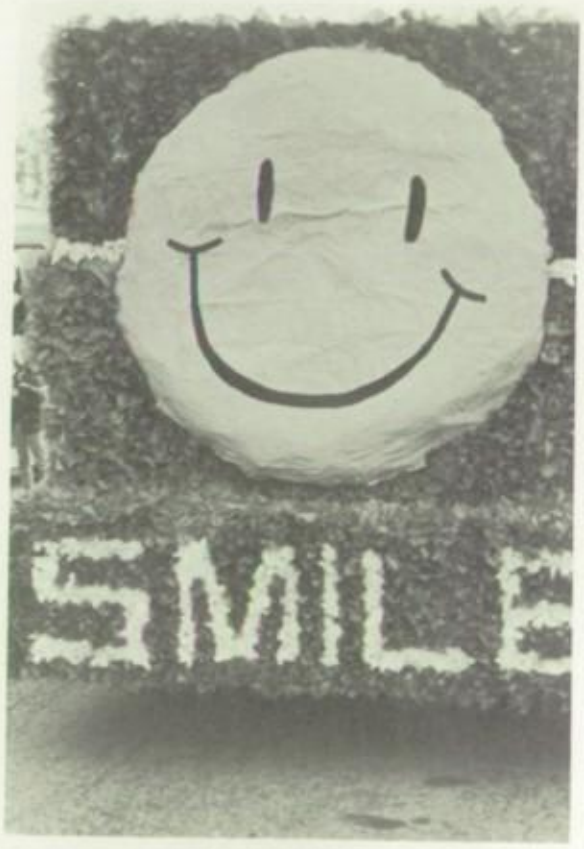
In the time you spent
here, you were
examining your values
. . . you were
developing a priceless
tool even when you
weren't aware of it . . .
you were thinking . . .
you were growing . . .
you were.



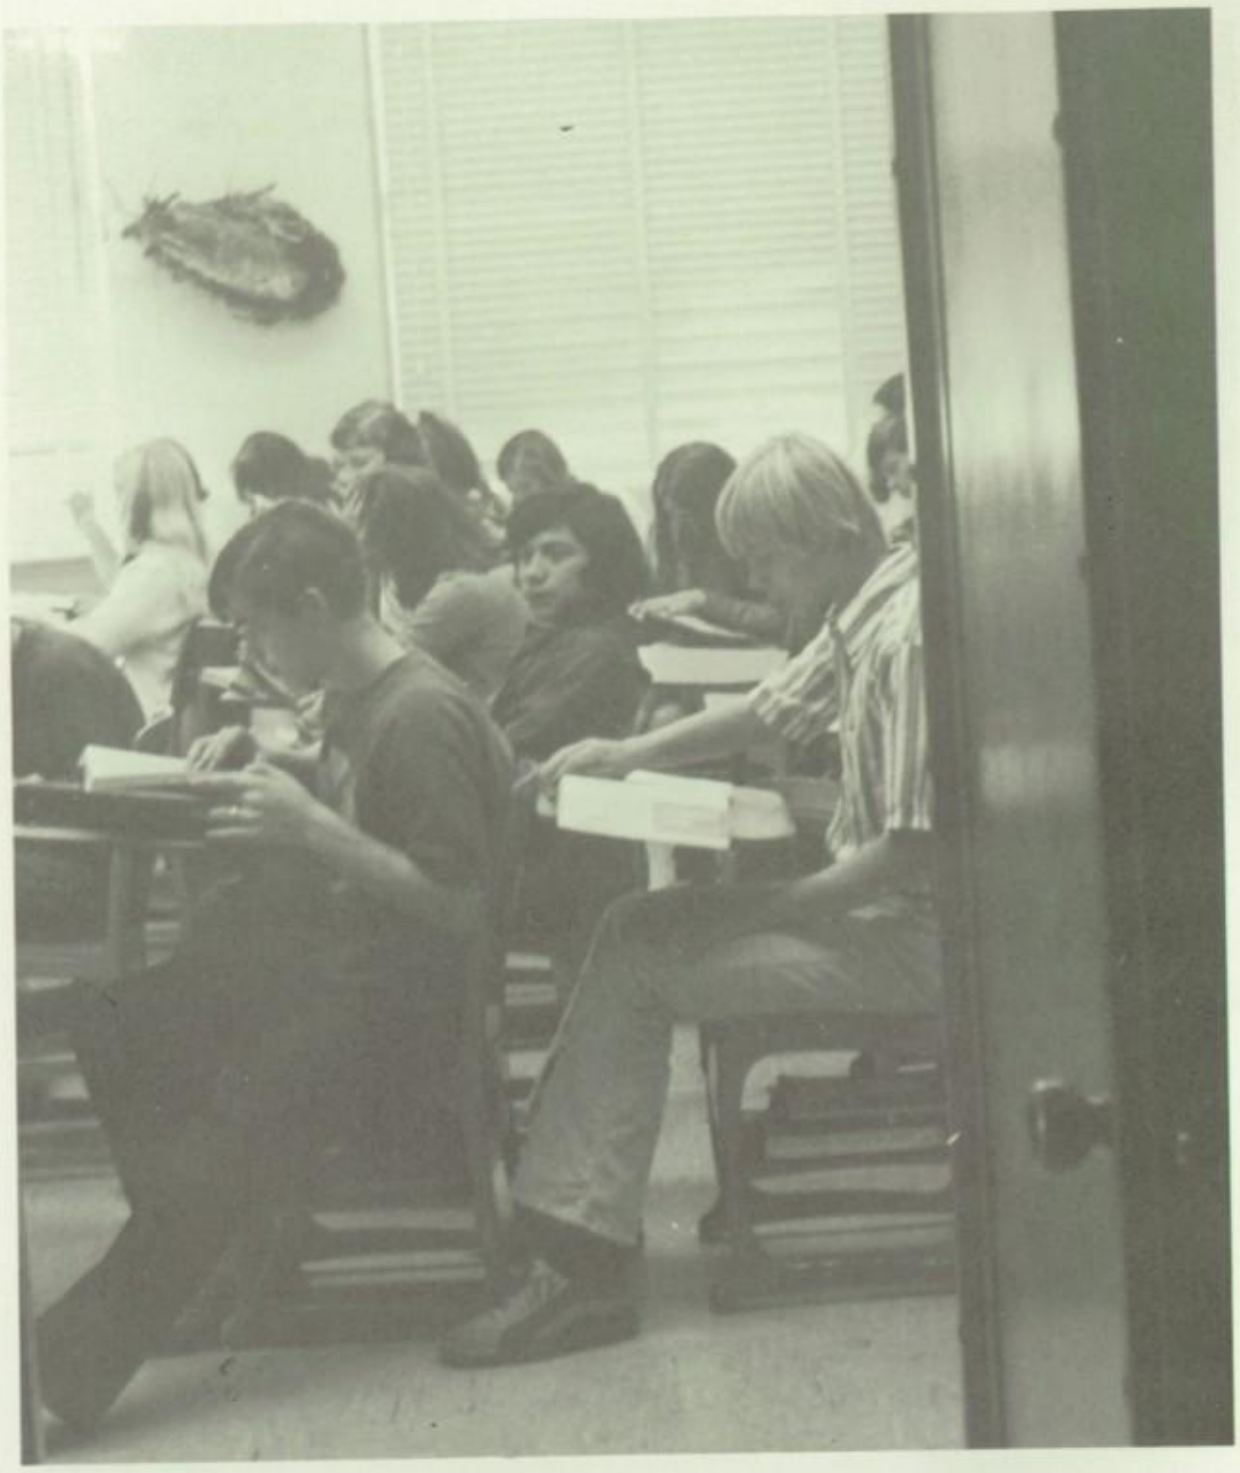
The first of the year. Yeah . . . riding that cold bus to school that first day, the first thing you saw was a familiar landmark — Hootie's face. Time to settle into the school routine, to get down to it . . . but there was always time for fun . . . and games.

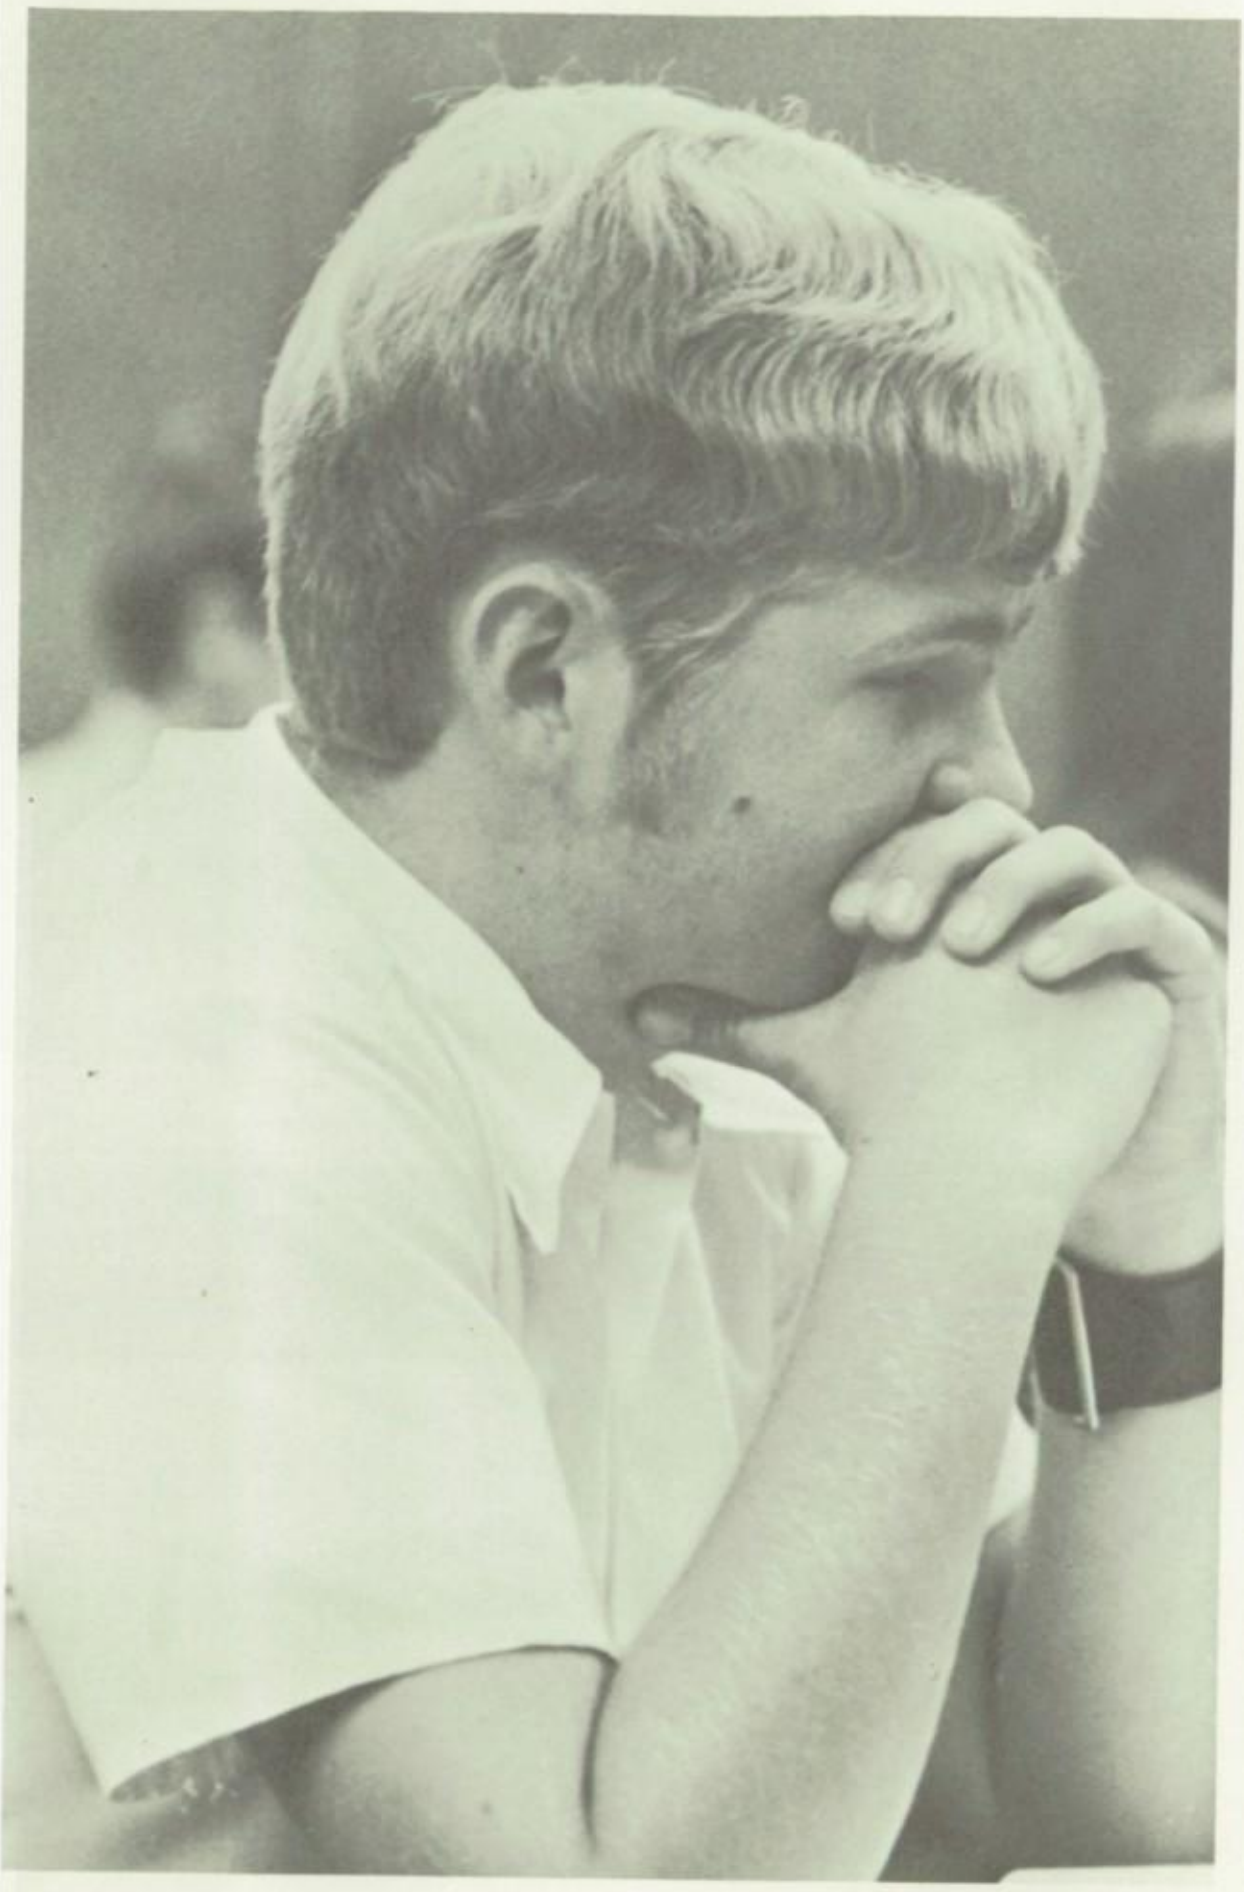






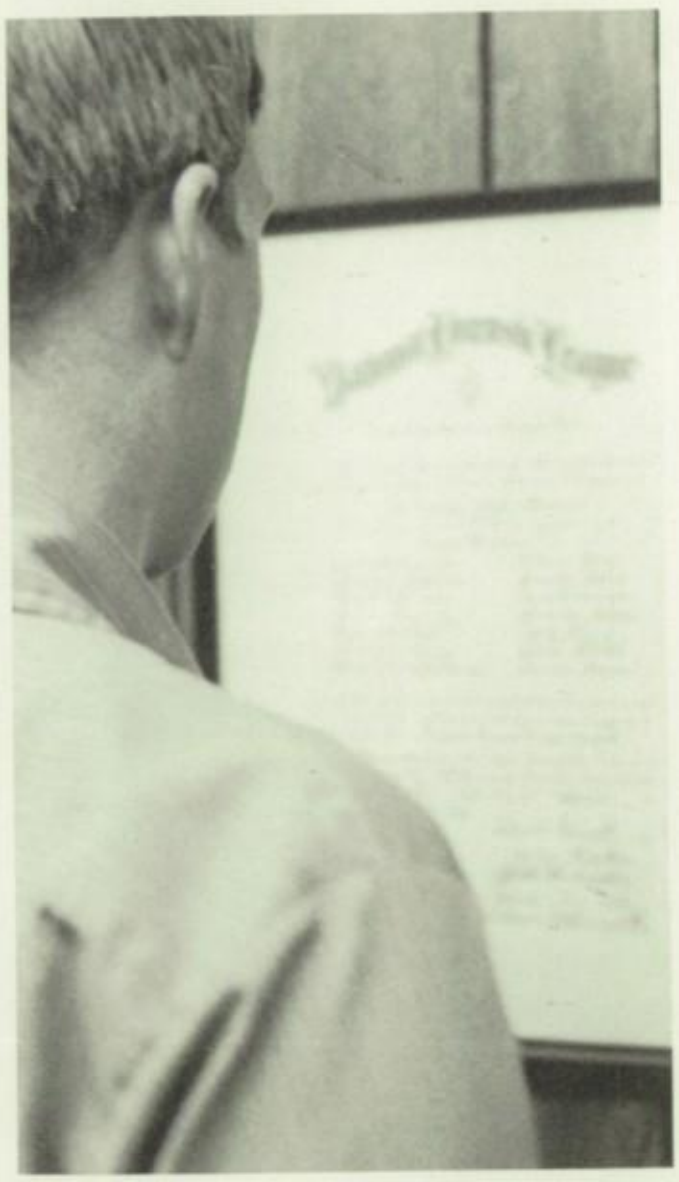
And there were the warmer fall days that you never appreciated 'til the winter cold set in. And remember from the first day of school to the Homecoming float theme to the last day in May all those "Smiling Faces" and remember how sick you got of lookin' at 'em. There were the football games where your boyfriend was out there lying on the field, or when your girl friend marched her legs off in the band's halftime show. There were the tie-dyeing lessons in Art, and always there was the homework you just *had* to get down to.

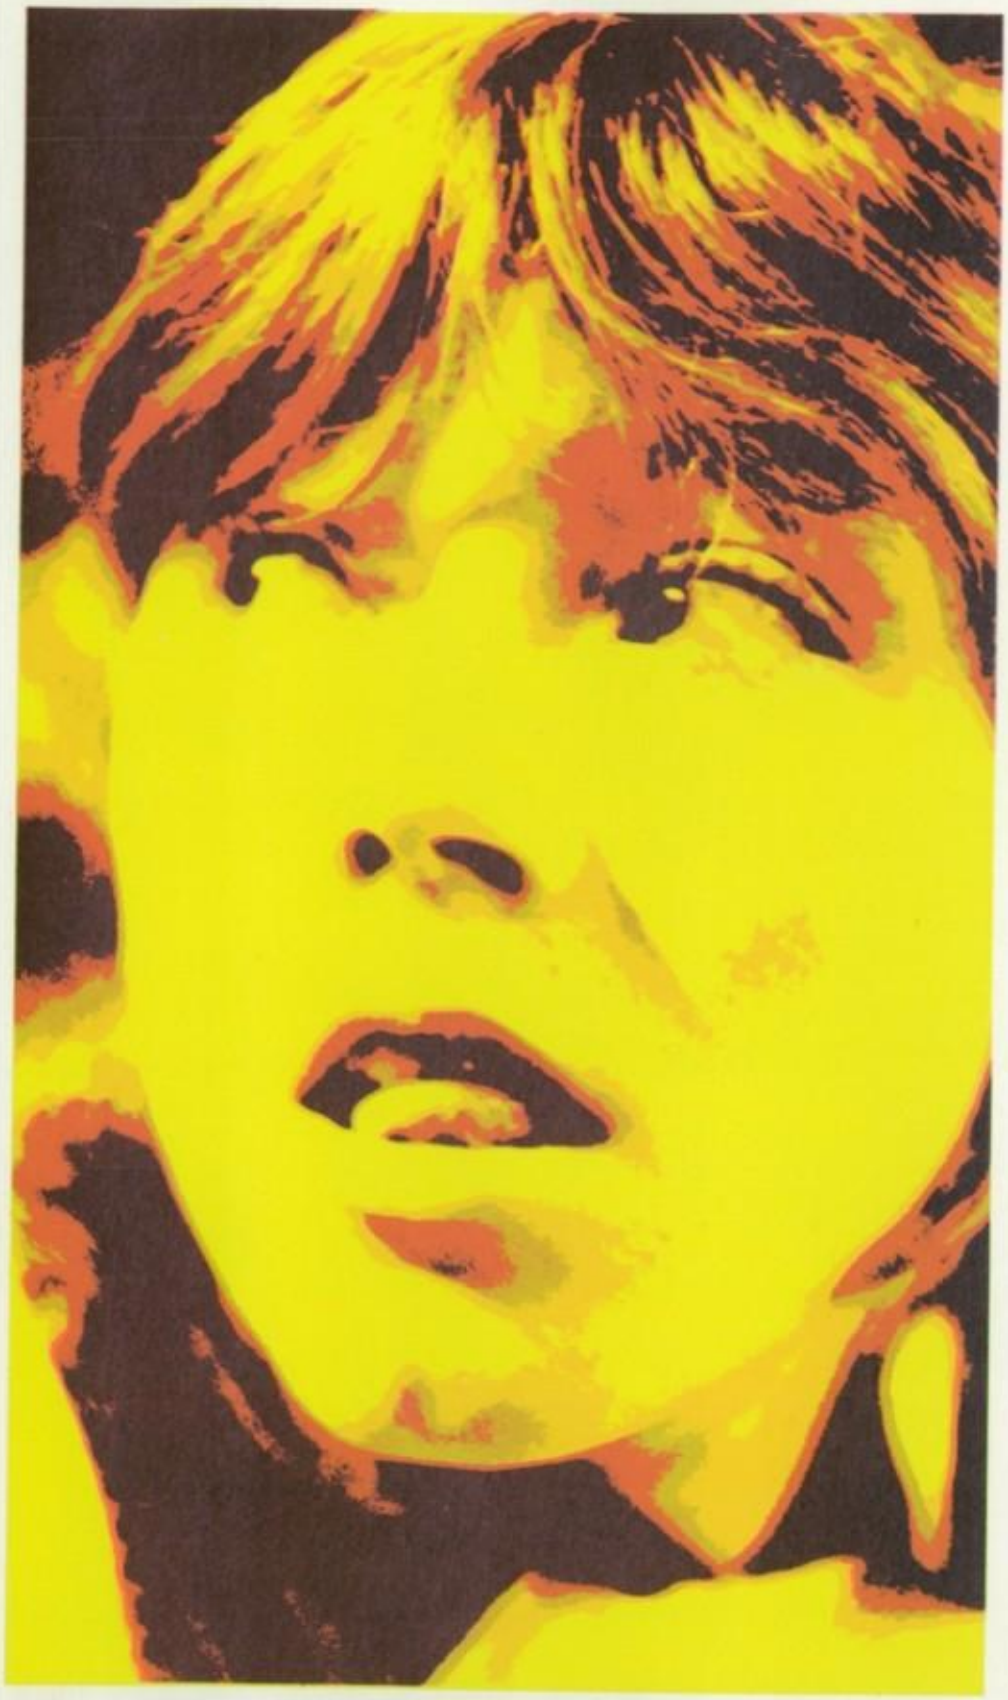


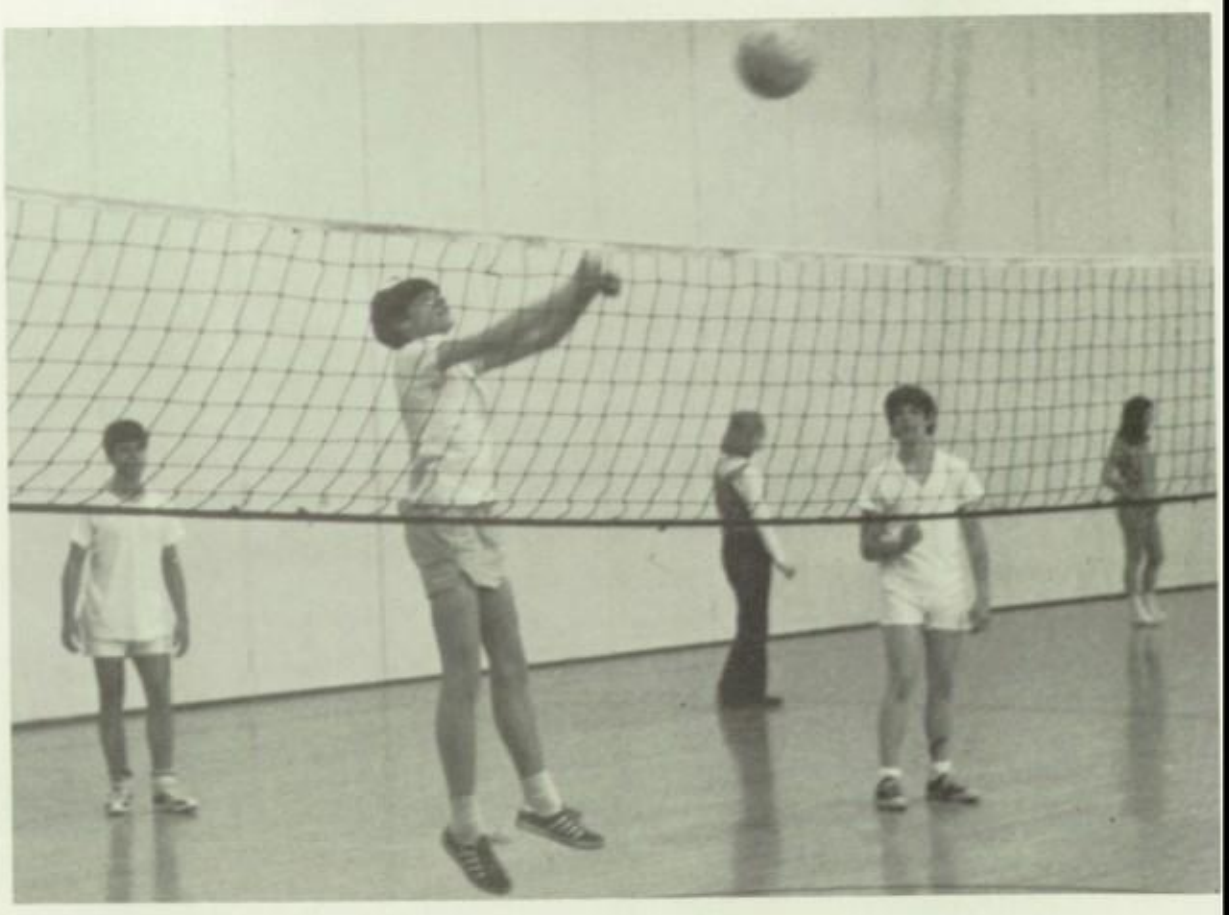


Not long after, the Tower *finally* came in just as work on the new one began . . . it was hard to concentrate — remember? And the weather . . . it was still nice, too hot for that first football game, too hot for staying in class, too hot for doing anything you didn't want to do.

The classroom, the teacher, the face of the girl in front of you, your own face . . . kind of like discovering the school all over again . . . the joys of having a lounge (what's it like, seniors?) . . . Mr. Elliott's not-so-new Forensic League charter that'll hang on his wall forever . . . and taking off at 3:10, or before?







Those days . . . they were divided by the busy side of the football season and by the books that kept you busy 42 minutes at a time. Waiting for Mr. Martin's signal for the cymbal crash in the alma mater . . . and back again on Monday, "Take out pen and paper for a quiz," and that sick feeling you get when you haven't read that section on poetry.

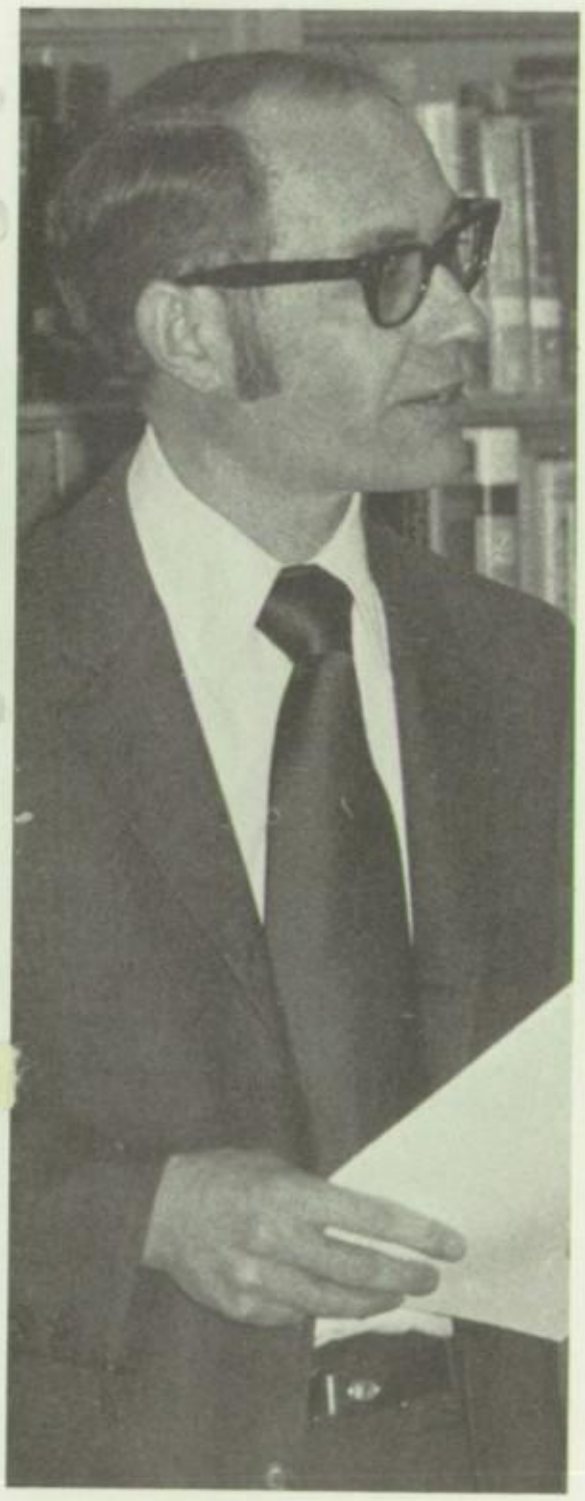
big board & urbana

Mr. Edwin Kirby — *Vice President*

Mr. Gary Bauer — *Clerk*

Dr. Robert Livingston

Mrs. Frank Giampetro



Frank Buck

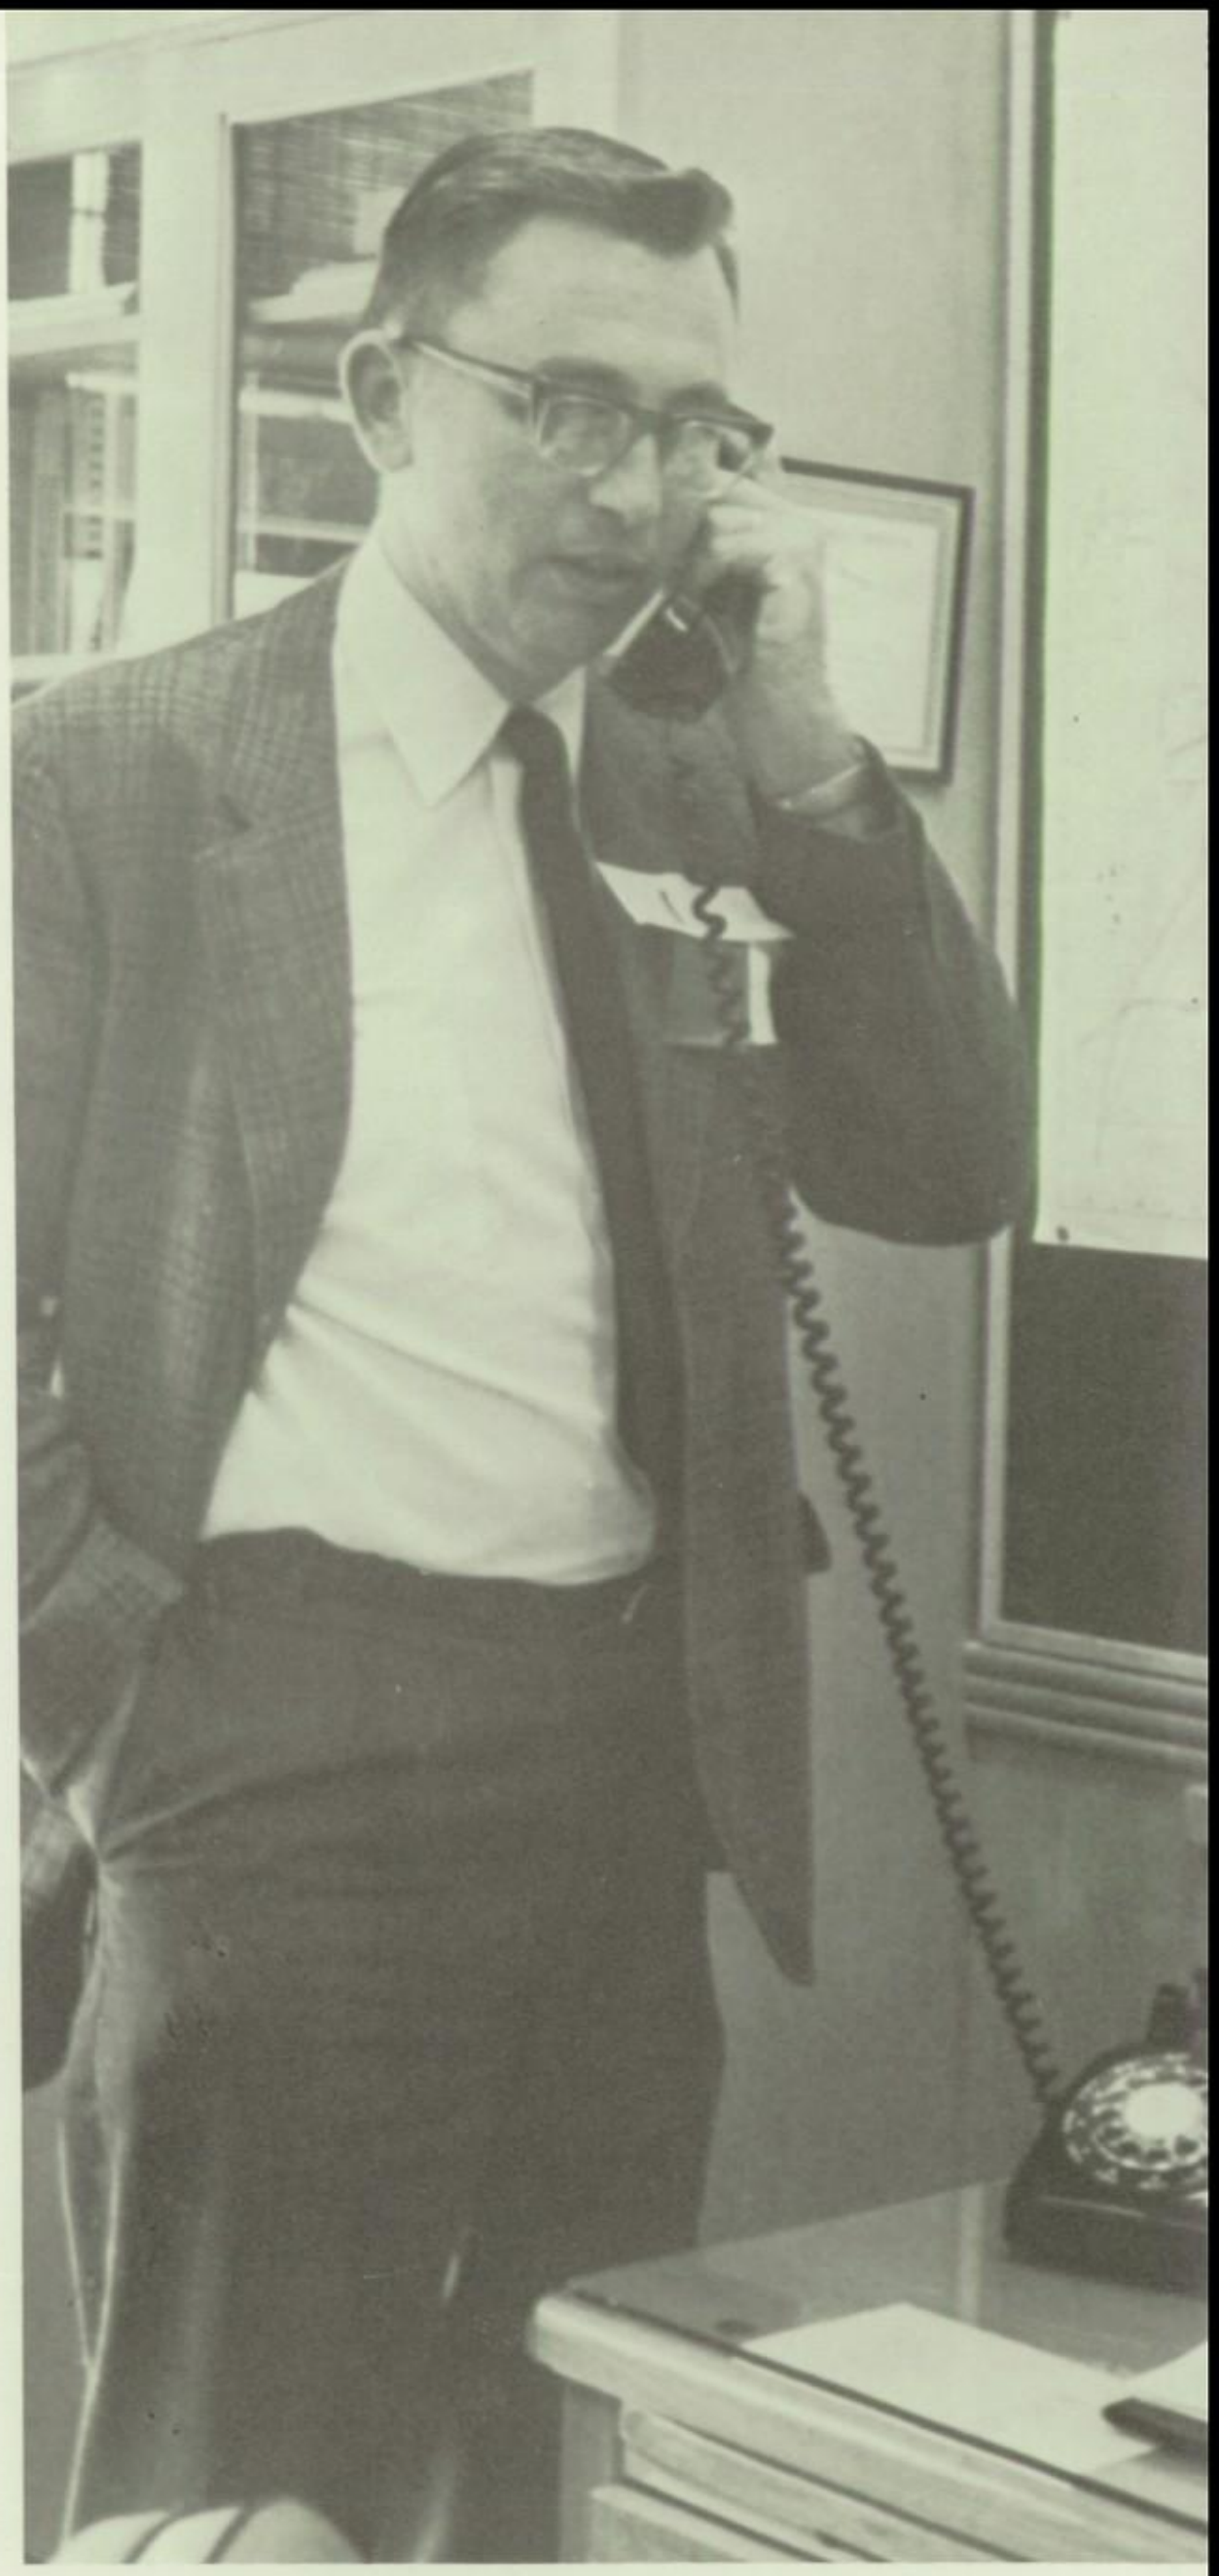
Alan Webster, *President*

Changes within the board — changes within the school — changes within Urbana. President of the Urbana City Board of Education, "Al" Webster was reelected to the board in November of '71, along with new member Rosa Giampetro, who replaced Lewis B. Moore after his 24 years of service. Upon Helen Fairall's resignation, after twenty years of work in the school system, the board employed Gary Bauer as the new clerk. And these three, along with Vice-President "Ned" Kirby, "Doc" Livingston, and "Frank" Buck spent two Tuesdays every month (and quite a few days in between) discussing finances, program cutbacks, teachers, administrators, past mistakes, new starts, and a levy.

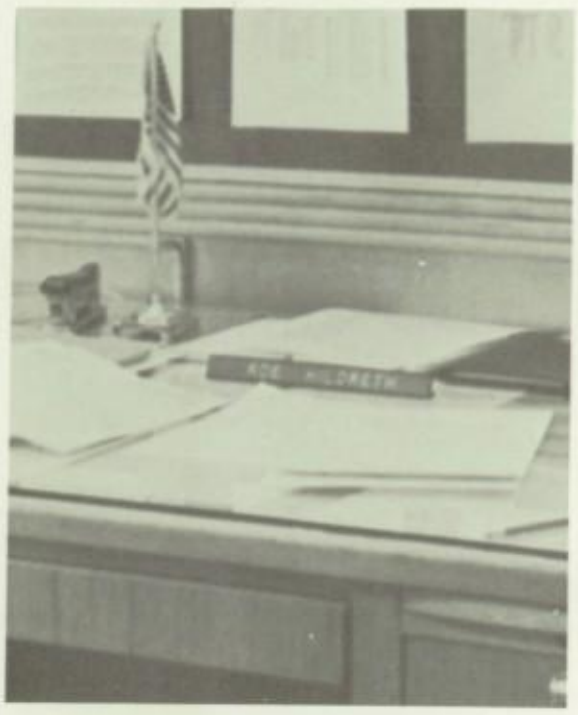
In two years, Urbana rejected 3 levies, and in a special election in December of '71, the "big board" asked for another one — and got it. The 4.5 mills combined with an all-out austerity program to set the school back on its feet again.

The radio marathon . . . the student council members and volunteers pushing for the levy . . . just plain concerned moms and dads hoping that you were getting the best education possible — in spite of a greater pupil-teacher ratio . . . the cut in guidance counselors . . . the old, old textbooks . . . the cutbacks in building repairs and transportation . . . and a possible school shut down.

Yes, the business of the school came clearer to you, but what it all really meant was trusting the gang on top to work for *your* good — for *you* — and didn't they?



Superintendent Roe Hildreth



the big man

Official business at the end of the hall — SUPERINTENDENT'S OFFICE . . . a familiar face, a quick smile as Mr. Hildreth hurried by. Not one of the faces you saw everyday between periods, the almost-new fellow who spent his day conferring with board members, employees, citizens, directing secretaries, putting pieces together and managing the school — all this, while you planted your eyes on a blackboard and textbook and tried to get a decent grade.

Mr. Hildreth's helpers — the people who supported the "big man" as he linked the board, the school, and the community. The ladies filed, typed, figured, organized the cafeteria and the official business. After 12 years in Urbana, John Richard left to become superintendent of the struggling Hi-Point Joint Vocational School District. Paul Cook assisted Mr. Hildreth in grounds, transportation, and buildings; but, due to illness, his duties were performed by Elmo Layman throughout much of the year. And Burr Simpson, Assistant Superintendent, could be heard down the hall, "And how are you today?"

Principal Fred M. Walter

the big people

Assistant Principal Donald R. Keebaugh

No — you won't forget them — the guys who kept life from getting too dull at UHS. The issues (and always students vs. administrators?) — the dress code, auditorium seats, senior privileges, suspensions, food abuse, authorized permissions, hot confrontations, cold grudges, parking lot stickers, the "excused, unexcused, and tardies," public displays of affection, unassigned time — and other "life-or-death" matters you encountered everyday. These were the folks to see about your problems — or maybe they wanted to see you, depending on the circumstances. The Principal and his assistant were probably the most influential adults you knew in high school. And often the negative side clouded thinking and reasoning. But you learned from *everything,* from good sides and bad sides, from big and little.

Office girls, secretaries, and cooks — the little ladies behind Mr. Walter and Mr. Keebaugh. They recorded your grades, brought you messages from the office, and fed you 4th, 5th, and 6th periods. Mrs. Henry was our only guidance counselor, dividing her day and new office with colleges, schedule changes (!), and personal counseling — working together to keep the machine and you running.

Freshmen — 261 new faces in the fall. The upperclassmen were familiar with one another and UHS — but the frosh were the new people and the high school scheme was new to them, as they made the transition from junior high to come live with us. They were busy — with finding classes, adjusting to the teachers, building a Homecoming float in Brian Miller's barn, and learning how to live with sophomores, juniors, and the lofty seniors. They were the new people, a change from the UHS scene from the year before and this is why they belong in the front of this book.

"You're A Good Man, Charlie Brown"

Six kids, plus the vital backstage hands, practiced, prepared, acted, and sang together during the fall of the year to put on "You're A Good Man, Charlie Brown." Since there were so few in the cast, not many of you were aware of the work that the kids, Miss Bicking, and Mr. Elliott put into the musical. But in October, you knew you enjoyed watching Dave Smith as Charlie Brown; Margaret Honore as Lucy; Ronald Tompkins as Schroeder; Beth Smith as Patti; Lem Honore as Linus; and Tim Weller as Snoopy.

Charlie Brown, Lucy, Schroeder, Patti, Linus, and Snoopy.

"Happiness is anyone and anything at all, that's loved by you."

"Got you back again!"

"I'll get you this time, red baron!"

"That will be five cents, please."

Fall Sports

Cooler weather . . . fall weather and the Friday night football game and the after school cross country meet. Spending hours at practice. While the rest of you were leaving the place, the athletes worked up a sweat on the field and track. With the lowest score winning, Urbana's cross country finished sixth in the league by defeating Bellefontaine but losing to both Sidney and Piqua. In the Miamisburg Invitational, Urbana finished 8th; in the Troy Invitational, 8th; in the Greenville Invitational, 9th; and in the Ben Logan Invitational, 9th.

A new coach, more cheerleaders, and a successful opening season. Football at UHS wasn't going to be bad. You knew about the wonderful victories and the later increasing defeats, but few of you knew of the hard work that the team and coaches put in for a good UHS football season. They practiced in 90 degree weather while you were swimming. They chewed salt tablets while you were drinking cold Pepsi's. And then, they were sweating, fighting, and trying to win while you sat back and criticized their unsuccessful attempts to out-plan their opponents.

Under tri-captains Bruce Woods, Bill McKeever, and Jay Gearon, the football team lost two opening games only to retaliate with 3 successive and decisive victories. Spirits were high, but the gridders' momentum lagged, and the final season record was 3 wins . . . 7 losses. And for awhile, we were united, and it was nice to feel that way again.

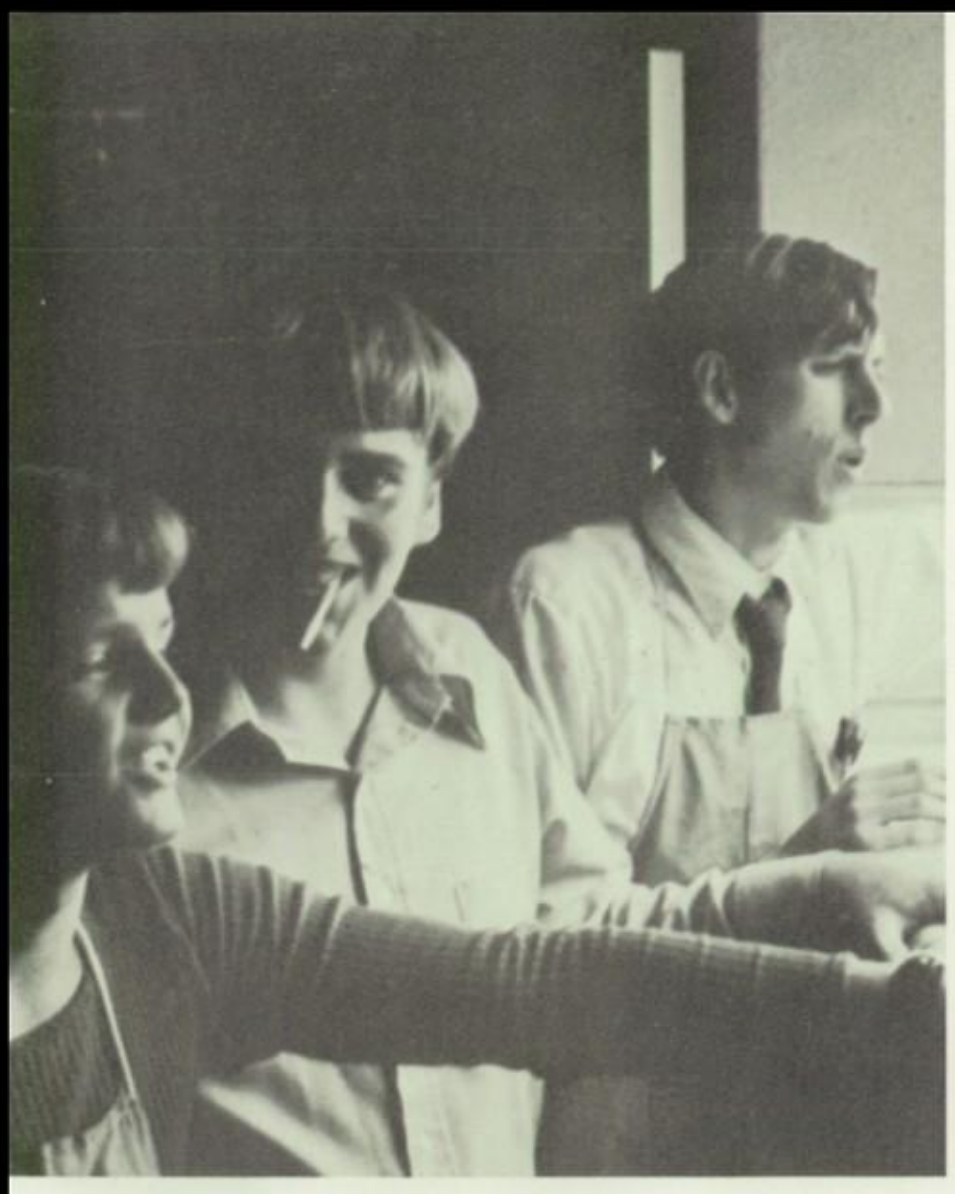
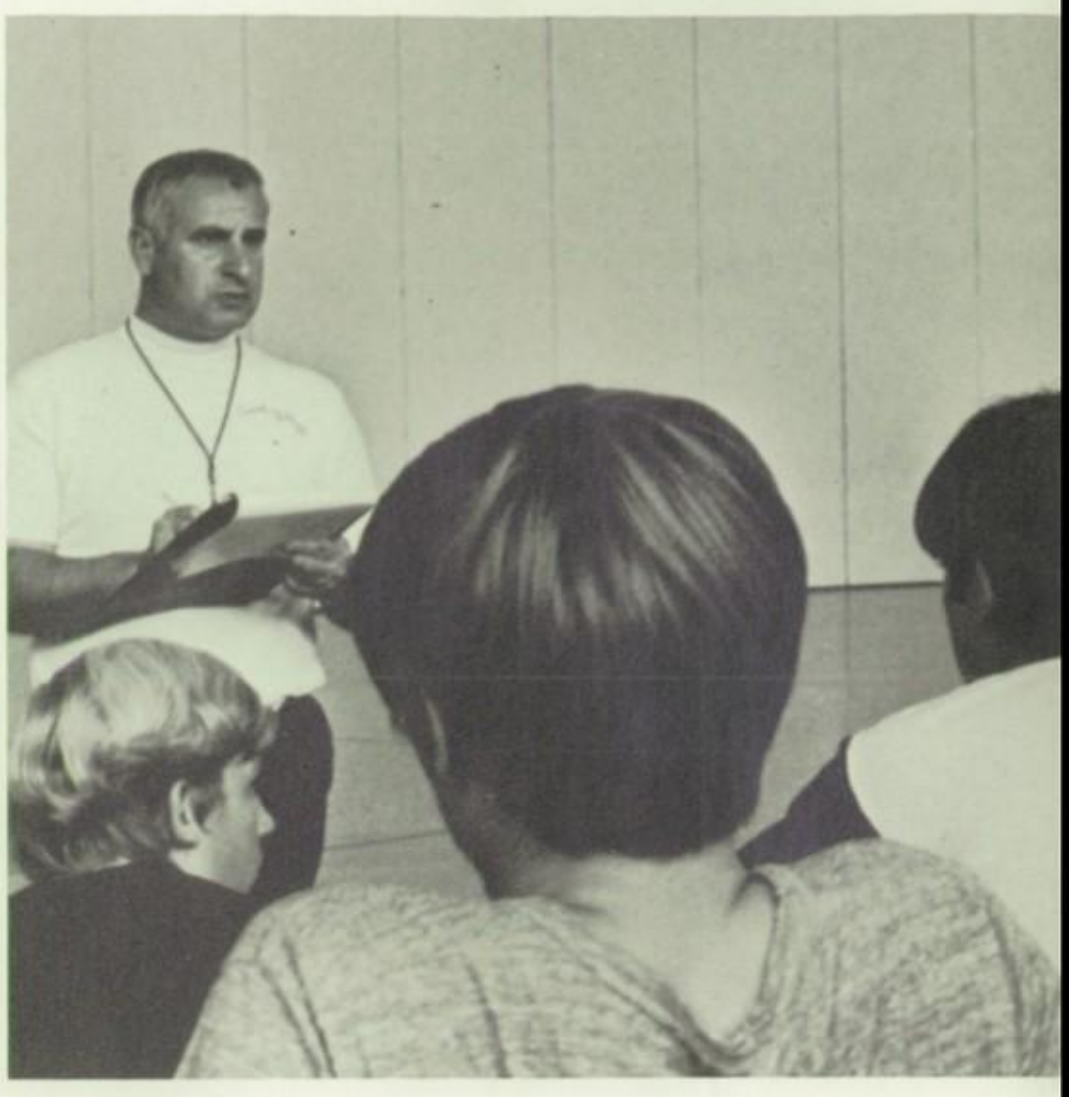
The "JV's" — these were the guys who played anytime the freshmen and varsity didn't. They sometimes went unnoticed unless they hit a bright spot in the schedule. But they were as much a part of the program as the other teams, coaches, and Friday night fans.





New coaches — Ray DeCola stepped into the varsity coaching position at UHS and started building a "winning attitude" by using the "wish bone" offense. Teaching Phys. Ed. with an AB in Biology and Physical Education, Coach DeCola was assisted on the field by Bob Brenning and Duane Neer, junior high teachers, who also coached the junior varsity. Jerry Bentley, BS in Graphic Arts, coached the Cross Country team; Wendell Marratta, OWA instructor, coached the frosh.

Gayle Brandeberry was your UHS Homecoming Queen 1972. She reigned over the Thursday night victory rally and bonfire, the Friday night parade and the game against Bellefontaine, and the Saturday night dance. And Queen Gayle's Court — Kim Brattain, Janine Porter, Mollie Harrigan, and Liz Trenor.

And this Homecoming was special as the Student Council hosted the past queens returning to Homecoming at UHS. With Mrs. William Tompkins' help, the class floats were a great project . . . remember the long nights in those garages putting those things together (not to mention the parties that went on while you were float-building).

It was a 3-day spectacle that began 2 weeks before with queen and court nominations done with photographs on Mr. Simpson's bulletin board, to the last dance with your date in the gym on Saturday night.

Past queens ride the winning sophomore float.

Sophomores — last year's freshmen coming up in the world. Being upperclassmen held status and at Homecoming, the sophomores proved to be the class on top. They won the float contest, a new feature for UHS Homecoming festivities, on the basis that they stuck closest to the theme, "Smiling Faces." Their red and white "U", with smiling faces on the sides and back, highlighted the fall, with cries of "Sophomore Supremacy." A month later, things were back to normal with sophomores being third man on the totem pole.

How many hours do I have to do this?

Leaders Club . . . timing girls in the 600 yard dash . . . counting wing lifts . . . checking lockers . . . calling roll . . . Zerk's helpers . . . running in and out her office, keeping things going, doing quite a bit of square dancing, too. And the cheerleaders — "Queens of the Castle" (plus one guy) — 10 of them this year working . . . laughing . . . crying . . . complaining . . . becoming closer. One group cheered for varsity, one for reserve and they switched the next game, with Sparky always there. And all the decorations, practices, frowns, and smiles between those games. *They* knew how hard it was to whip up some spirit when the team hit a low. The uniform meant a lot more than you thought, and they tried to show it to you. Sometimes, you saw.

Zerk's phys. ed. freshmen can't believe the things she makes them do.

FFA began the year with a trip to the National FFA Conference in Kansas City. Urbana's Dave Branham was the President of the Ohio Association of the FFA. At the banquet held in March, Mr. and Mrs. Paul Cook were named Honorary Chapter Farmers. Chapter officers were President Rick Olejniczak, Vice President Chuck Lippincott, Secretary Dale Bodey, Treasurer Phil Anderson, and Sentinel Curt McCrery.

Teaching Vo-Ag, Elmo Layman has a B.S. in Vocational Agriculture and a Master's in Education. After becoming temporary assistant superintendent, his duties were given to Richard Frobose about mid-year.

Thanksgiving & Pep Rallies

November — from first grade it has been the month for turkeys and pilgrims and stove pipe hats . . . and Thanksgiving at UHS hosted Dr. Russell Jones as speaker, while Miss Bicking led the sophomore chorus — "We gather together to ask the Lord's blessing."

The pep rallies were better this year . . . Mark Davis played "Archie Bunker," Pam Woolley as "Ruth Buzzy," and Tommy Tabern and Richard Gordon carrying on with a definite beat as "Sardine" (Geraldine's cousin) — Dave Murphy (!) — bounced down the aisle.

They take a time out and the coach starts in.

Basketball comes around again, new coaches, a lot of juniors, a few seniors, the Star Spangled Banner, the jump ball, and a better record. Mr. Ron Coder, varsity head coach, and Mr. Larry Gundolf, assistant coach, put the guys through a hard year. And they surprised us, they won the first game of the tournaament and we loved them. Mr. Mike Simpson spent the whole year down in the weight lifting room helping the guys work out.

Billy and Bruce go up for the rebound.

Guys on the bench applaud for the five on the floor.

Mr. Simpson studies the game.

Reserves

Reserves — younger kids on the floor at 6:30 for the J.V. game — and often it was the more exciting of the two. Mr. Gundolf's guys had a 5-12 record, not often losing by more than 10 points. The action in the first game was so hot, it wore out pep squad's voices and the cheerleaders' muscles.

Pep Squad, Drill Team, & WUHS

Basketball season hit before winter, and with the team, it brought Miss Lehman's pep squad, the Sparkettes, and Mrs. Bullard's drill team, the Climberettes — plus an old group with a new job — WUHS began broadcasting some home games along with that weeknite request line. Friends in the bleachers, on the floor, drill teaming at half time, and friends on the air.

Mrs. Pam Bullard, a teacher at South Elementary, advised the drill team this year.

WUHS — *Seated:* D. Grow, S. Forhan, D. Baker, B. Trimble. *Second Row:* G. Alexander, M. Dixon, B. Parcels, F. Weeks, R. Wilcoxin, T. Weller, B. Reedy, K. Collins, J. Bodey. *Third Row:* K. Teachers

While many teachers were involved with the various clubs, some teachers helped you by just being there when you needed them. These teachers gave guidance and aid to you. They showed you, the student, just what it takes to adapt to the system, and they taught you all those things that, after graduation you'll wish you could remember.

Alan Ware taught Special Education with a bachelor of science degree.

Janice Clark has a BS and teaches Special Education.

Helen Ryan has an AB in Science and taught Health to all different classes and English to freshmen.

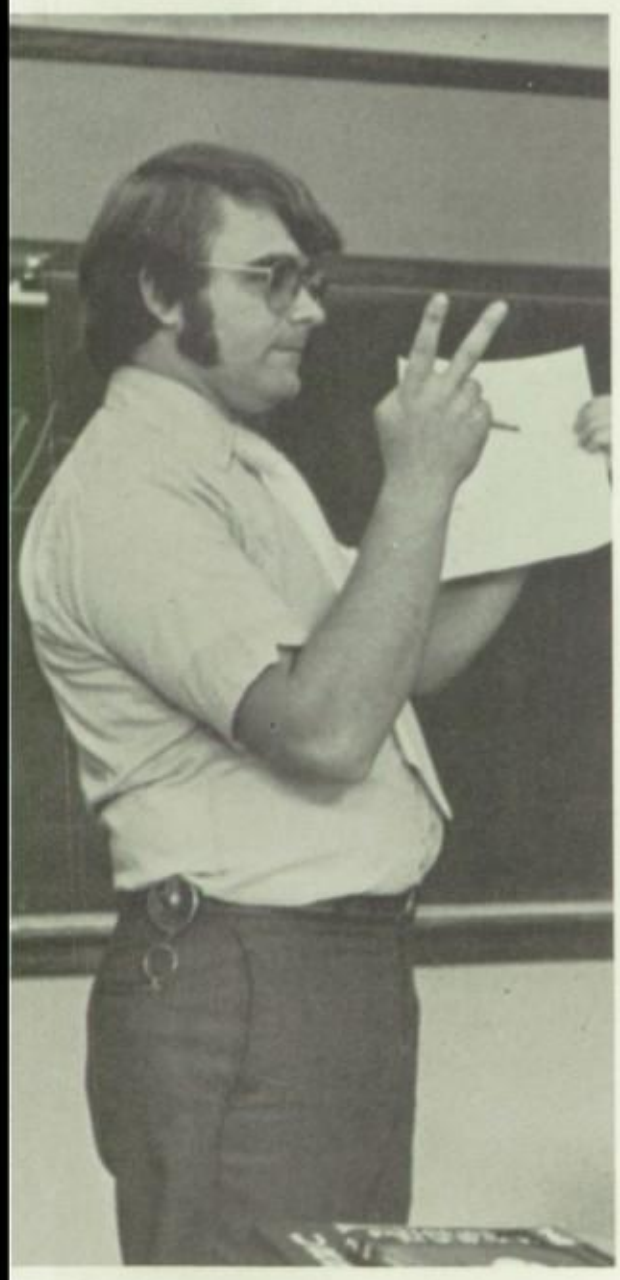
Martha Kerns with an AB degree spent her time teaching Latin II, English 9, and General English 11.

Amelia Collins has a bachelors degree and taught sophomore English.

FTA — D. Boyd, C. Hildreth, J. Hayden, J. Leitenberger, C. Gingrey, L. Bunch, P. Morrow, S. Gentis, V. Norris, J. Smith, A. Casto, S. Olden.

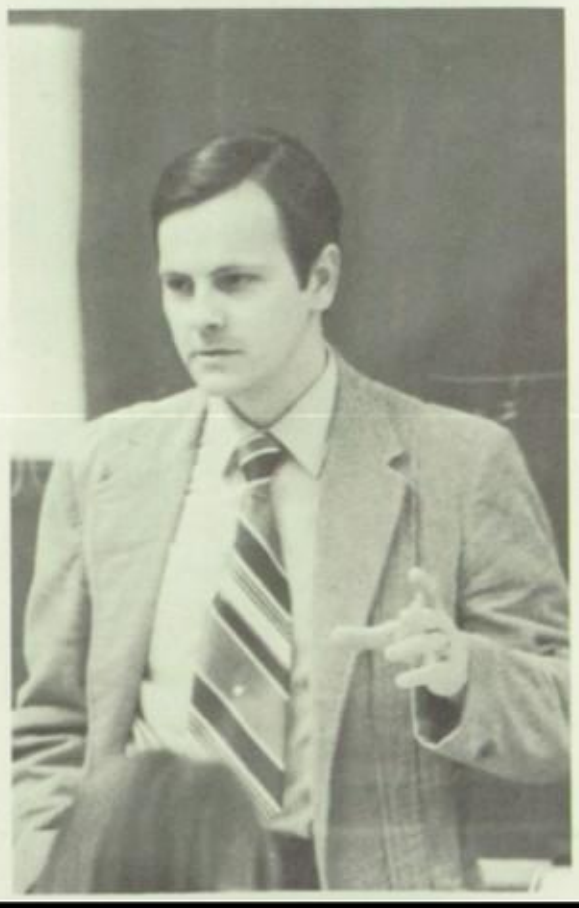
FTA

The Future Teachers of America, the FTA, involved students in the learning process. The club observed Urbana elementary school classes, listened to guest speakers, and, through their advisor, gained deeper understanding in the teacher's role in the school atmosphere. The FTA club strove for better teacher-student relationships, something that, at least for them, was achieved.



Jacob Leichty taught Special Education with a bachelors degree.

David Cooper advised the FTA, holds a BA, BS, and MA in Social Studies and Journalism, and taught American History to juniors and American Government/Economics to seniors.



Dick Jenks holds a BS in Mathematics and taught Pre-Algebra to freshmen and Algebra II and C.P. Math to juniors and seniors.

Lee Collins has BS and MS degrees and is advisor to the Science Club.

Hayla Shy is the *Chronicle* advisor and has a bachelors degree.

The Math and Science Clubs and the *Castle Chronicle* were three hard-working groups in the '71-'72 year. Math Club members learned the intricacies of geometric patterns when they made ornaments at Christmastime. They visited Grimes Manufacturing and they celebrated the end of the year with a picnic. Science Club was equally busy. They visited the Columbus Center of Science and Industry, had a winter sledding party, and, in between times, discussed ecology, heat wave patterns, and the annual science fair. The *Chronicle* recorded club news and all major events in the school. The staff presented many controversial issues, some of which brought great criticism; however, they still strove for a better paper and many more issues than previous years were published.

Eighth period every day . . . not so much cooperation, time to drop out or skip out. But for those who stayed, Miss Carol Bicking, the new choir directress, pulled the kids together for the annual Xmas Concert. Style changed at Easter for "Jesus Christ Superstar" selections and everyone, including teachers and administrators of the UACT-UASA, liked it. Choir received 2 ones at state and regional contests . . . another plaque for the trophy case. Big hassle with the "people upstairs" to find a suitable date for initiation of new members, but worked it out for the same day as the Pop Concert on Nite With The Arts. And the kids found out Mr. Stewart wasn't the only director they could love — Miss Bicking turned out just fine.

Carol Bicking taught Choir, and freshman and sophomore choruses with a bachelors degree. She also co-directed two musicals at UHS.

Student Council

George Kachele, advisor to Student Council, has a bachelors degree.

The 1971-72 Student Council, your link to "the big people" worked a great deal to make the school year easier. Constant meetings during the year produced such events as the annual election of officers, homecoming dance, and White Xmas. Tony Manuel, elected President, resigned mid-year and Steve Brandeberry, junior representative, was elected to the post. The annual competition between classes was abolished at White Xmas as students questioned its purpose in contributing. The event was still successful. The council also sponsored an exchange of councils between schools. The students were able to know just what other schools were doing. Council's biggest achievement was the Spirit Week. This was a combined effort to involve the most people possible in school activities. Students and teachers had access to a pop and candy stand. They watched a student talent show and for one brief week, everyone was working together for something important.

Student Council tried hard to work for the students and, in many cases, they did. But with the election of the new members in May, everyone looked long and hard, trying to determine if the new council would "talk" or "do" and whether the link to the "Big People" would grow in strength, or break.

Forensics — on the bus at 5 A.M. bound for Fairmont East or Fairmont West or Oakwood or Pittsburgh for a Thanksgiving holiday . . . speaking three rounds . . . eating a nervous lunch . . . and waiting for results which did not always come out the way you wanted them to. Competitive speaking was a way of life on Saturdays for the Forensic Team who did very well throughout the year, trophy-wise. Along with the UHS Thespian Society, under the coaching of Mr. Elliott, the organizations gained a lot of new members — and new experiences.

Ronald Elliott has a B.S. in Speech and Drama; he taught Forensics, Theatre Arts and Radio. He directed two musicals, traveled with speakers all over the state, and brought home quite a few trophies.

Mr. Laub supervised the induction of new NHS members and the grade recording sessions of students with an average of 3.5 or better. At the same time, Mr. Martin worked his band kids with practices for the Spring Concert.

BAND DIRECTOR — Robert K. Martin. Mr. Martin taught all high school instrumental music with a bachelor's and master's degree.

Hot practices in August . . . Mr. Martin and his megaphone . . . cokes at 10 A.M. at East . . . "UHS — is the best" (chanted to a cadence) . . . pre-game and the "Banner" to halftime's fanfare and formations to the "U" for the Alma Mater and off the field for some food. Then the *whole* band got together, after fall and winter sports wore off, to put on some concerts in January and in the spring — "Bubbling Woodwinds" with real live bubbles and a trumpet trio. And then during Spirit Week, there was the Rock Concert, with the sax's "Harlem Nocturne" and the tunes from the fairfolder — "Shaft." The seniors disappeared while the underclassmen practiced for graduation and then the afternoon marches around the school, with "Colonel Bogey," getting ready for the end — Memorial Day Parade. The year kept Mr. Martin's group busy and Spring found all band people coming and going and — now — remembering the way it was, to play together with "Smiling Bob" on his stand which he never really needed.

BYE BYE BIRDIE!

Conrad Birdie landed in Urbana greeted by a cast of screaming girls and proceeded to give 3 performances of "Bye, Bye, Birdie!" in April. The musical was directed by Ronald Elliott, acting and Carol Bicking, music. The play was adapted to fit modern teenagers preparing a last farewell for an inducted teenage idol, and the problems encountered by Birdie's agent, Albert, and Albert's girl, Rose Alvarez. Lisa Warren played Kim McAfee, the girl chosen to kiss Conrad good-bye; Kim Linkinhoker played Hugo Peabody, Kim's disturbed boy friend; Nancy Hagar played Rose Alvarez; Dave Smith played Albert Peterson; with Pam Woolley as "Mama" Peterson and Tim Weller and Marcy Remer as Mr. and Mrs. McAfee. And there were the back stagers who *always* keep everyone and everything going smoothly.

The Juniors — who will forget the little man leading the junior class meetings . . . ? The attempt to win the float contest at Homecoming and coming in third. How about the mum sale, everyone saying how they were going to surpass the previous mum sales but only 1/10 of the class really worked for the money needed for Prom, and, thanks to David Grim, they finally got it together . . . will Mrs. Shy ever forget the day when Mike Ward popped into the room yelling, "Hey, you good lookin' thing, you!!" . . . or Mr. Cooper's plea, "Heads up everyone!!" Being second rate to seniors wasn't too bad when you knew it was better than being a lost freshman.

PROM '72

SOMEWHERE MY LOVE — the theme for your evening of elegance at the Urbana Country Club . . . dancing to the music of the Raspberry Blues . . . eating hors d'oeuvres and drinking punch . . . posing in a summer house for pictures . . . 9 to midnight in a tux or formal . . . a prom planners receiving line . . . and a fountain on the dance floor. And it went like Cinderella at the ball until after Prom at the Cinema for "Harold and Maude" and out to the College Community Center for swimming, and you couldn't hardly keep your eyes open, much less eat breakfast.

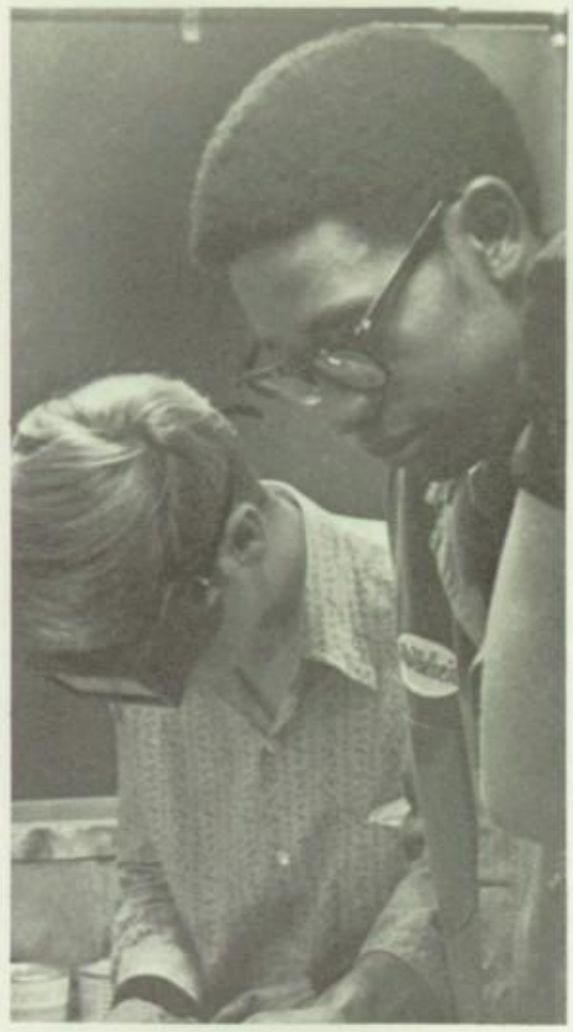
Night with The Arts displayed the products of the fine arts and practical arts classes under the supervision of quite a few teachers. It involved graphic and industrial arts, art, home-ec., vo-ag. classes, and the vocal music groups. For you, it meant not going to the library for 3 days, students running through the halls cleaning up while you were in class, and, on Thursday and Friday nights, all kinds of people seeing the high school, your creations, and you at your best.

Mike Simpson taught Art I, II, III, and IV and Art History with an A.B. degree, and a masters degree.



Ed Couts, with a BS, taught Industrial Arts.

Dressed formally, the Choir's Friday Night performance followed the Freshman Chorus Concert on Thursday.

Seniors you can remember wanting to be, but when '72 came, thoughts turned again to the future and a little boredom, a little hassle, a little messing around, passed long days away in lounge and classes. There was "King" Kachele's class, Mr. Jenk's "cool" wit in Sr. Math, lounging in senior "unassigned," Cach's and Bruce's wedding in the lobby, trouble with "big people," Mrs. Smith's A.P. class that lasted 'til 11:24, off campus, of course, for lunch, a

Algebra. Mrs. Smith, with AB and ME degrees teaches AP English 11 and 12, CP English and English Composition. Both teachers advised the Senior class.

"senioritis" epidemic that began in September, lectures at Urbana College and Mechanicsburg High School, voting "no" to giving the school a gift from the class, trying on caps and gowns, sending invitations, passing around name cards and pictures, *paying* for everything, deciding whether or not to go to the Prom, practicing to "Pomp and Circumstances," and . . . then . . . finally . . . GRADUATION.

COMMENCEMENT

GRADUATION — A time for endings and beginnings, sentimental or irrational thinking on the part of the seniors . . . A thing that happened so fast there was little time to think about it . . . A happening whose reverence was colored by the seniors themselves pulling up their gowns and propping their feet on the chairs in front of them and suffering through practice on a hot Sunday afternoon — and at last that very long and final walk back up the hill to the Castle. And the seniors received their diplomas and were off to other things, leaving only worldy advice which they knew you wouldn't understand until you put on *your* caps and gowns.
